Leith Arches was absolutely the perfect venue for our wedding and we could not have been happier with our experience. Donna was helpful and supportive during the planning process and helped us think through how we wanted our big day to go and how we wanted the venue to look. The wedding itself was even better than we could have imagined, and we loved having both the indoor and outdoor spaces! So many of our guests commented on how much they loved the venue, especially since it gave those coming from outside of Edinburgh an opportunity to explore a very cool part of the city. Ultimately, we could not have been happier and recommend Leith Arches to anyone looking for a cool space to host their wedding!
