About Me

Hi! I'm Aimee Kirkham and live in Bicester, Oxfordshire.

I love what I do and telling the story of your magical day. I love hearing about your plans, the little details that make the day 'you', that emotional look when you first see each other... and I love putting all this into pictures for you, so that one day you can show these to your children, your grandchildren and generations to follow.

I create elegant, soft, natural images with a creative but timeless twist. I feel it's important to photograph the group shots and portraits, but the majority of the day is spent capturing the day as it unfolds.

Photography aside, I enjoy traveling. I have travelled the world, jumped out of a plane in New Zealand, danced the tango in Argentina, lived in a tree house a Thai jungle and, most recently, trekked to Everest base camp. I ski, snowboard, surf and scuba dive whenever I can; it's 50:50 between Banff and Sydney for my ideal retirement destination!

I love to go to art galleries and museums and love a good muddy field for a festival. Eddie Vedder is top of my dream dinner guest list!

I've been fortunate to work with so many lovely couples at incredible venues. I've photographed all over the UK and Europe. I am happy to travel to destinations beyond Oxfordshire, just contact me and we can chat over coffee!

Investment

Half day coverage and images on a USB for £995
Full day coverage and images on a USB for £1,295

Coverage:

Coverage includes Bridal preparations, starting around 1.5 hours before you leave for the ceremony. Half day coverage finishes at the start of your wedding breakfast. Full day coverage sees you through to the start of your evening reception (the first few dances), so you get the additional benefit of your speeches covered and photographs of your evening guests.

Full editing:

Once I've finished shooting, I get to work on lovingly editing each image. I'll have a fully edited set to you in your online gallery within two -three weeks of your big day.

High resolution digital files on a USB:

Typically, you can expect around 500 images but I don't limit the number I share with you and you have rights to print these images and upload them to your social media. You will receive your images on a beautiful USB and will have an online album of your images that you can share with your friends and family and they'll be able to purchase prints directly.

A Pre-wedding shoot:

To ease you into having your photograph taken I will meet with you around 6 weeks before your wedding for a mini-portrait session. It's an excellent opportunity to get tips for the day and see how much direction you would like. From the session you will receive a beautiful 20"x16" signing board for your guests to sign at your wedding.

One simple price:

Investment in photography for your wedding starts at £995. For more information about my prices, drop me an email at aimee@oxford-photography.co.uk or complete my contact form on my website - www.oxford-photography.co.uk

Investment

Your images are printed and mounted with either black or white mounts and displayed in a lay-flat album with your choice of acrylic, leather, linen or suede cover and presented in a draw-string bag and a black storage box.

Larger sized albums and additional pages available on request.

FAQs

Q: Do you offer other packages?

A: If you are marrying on a Monday-Thursday or 'out of season' (November to February) we can chat about a tailored quote.

Q: Can I have two photographers?

I regularly work with a second photographer and can provide one for an additional fee of £200-350, depending on the amount of time they are needed. This is particularly recommended if you would both like your morning preparations captured or have a larger wedding (100+ guests).

Q: Do we need to cater for you?

A: Yes please! A wedding day is a long day and a lot of the time there is not the option for me to buy or leave to get food. All I request is access to water throughout the day and a main (vegetarian) meal.

Q: How long does it take for us to get our images?

A: I edit every image to ensure that I am happy with the composition, colour balance, crop and to give a bespoke finish that artistically enhances the images. It normally takes me around 2-3 weeks to edit and upload to your online gallery. Your USB is posted out just after this. Images are supplied as print quality high resolution Jpegs (300dpi).

Q: What rights do we have with the images?

A: You are licensed to print, share and upload your images. The copyright of the images remains with me, which means you'd need to ask if you or your suppliers wanted to use your images for publication or commercially.

Q: Can you supply parent albums?

Absolutely! The most popular is the 20-page (40 sides) 8"x6" digital album, with up to 60 images and a leatherette cover for £200.

Q: Is travel included?

Travel is included for all Oxfordshire weddings. I'm happy to travel anywhere in the UK but there may be a charge of £0.45 per mile outside of Oxfordshire (plus accommodation in some cases).

Q: Do you have insurance?

A: Yes, I have both Public Liability Insurance and Professional Indemnity insurance and I am happy to provide these if your venue require them.
