

Redlime

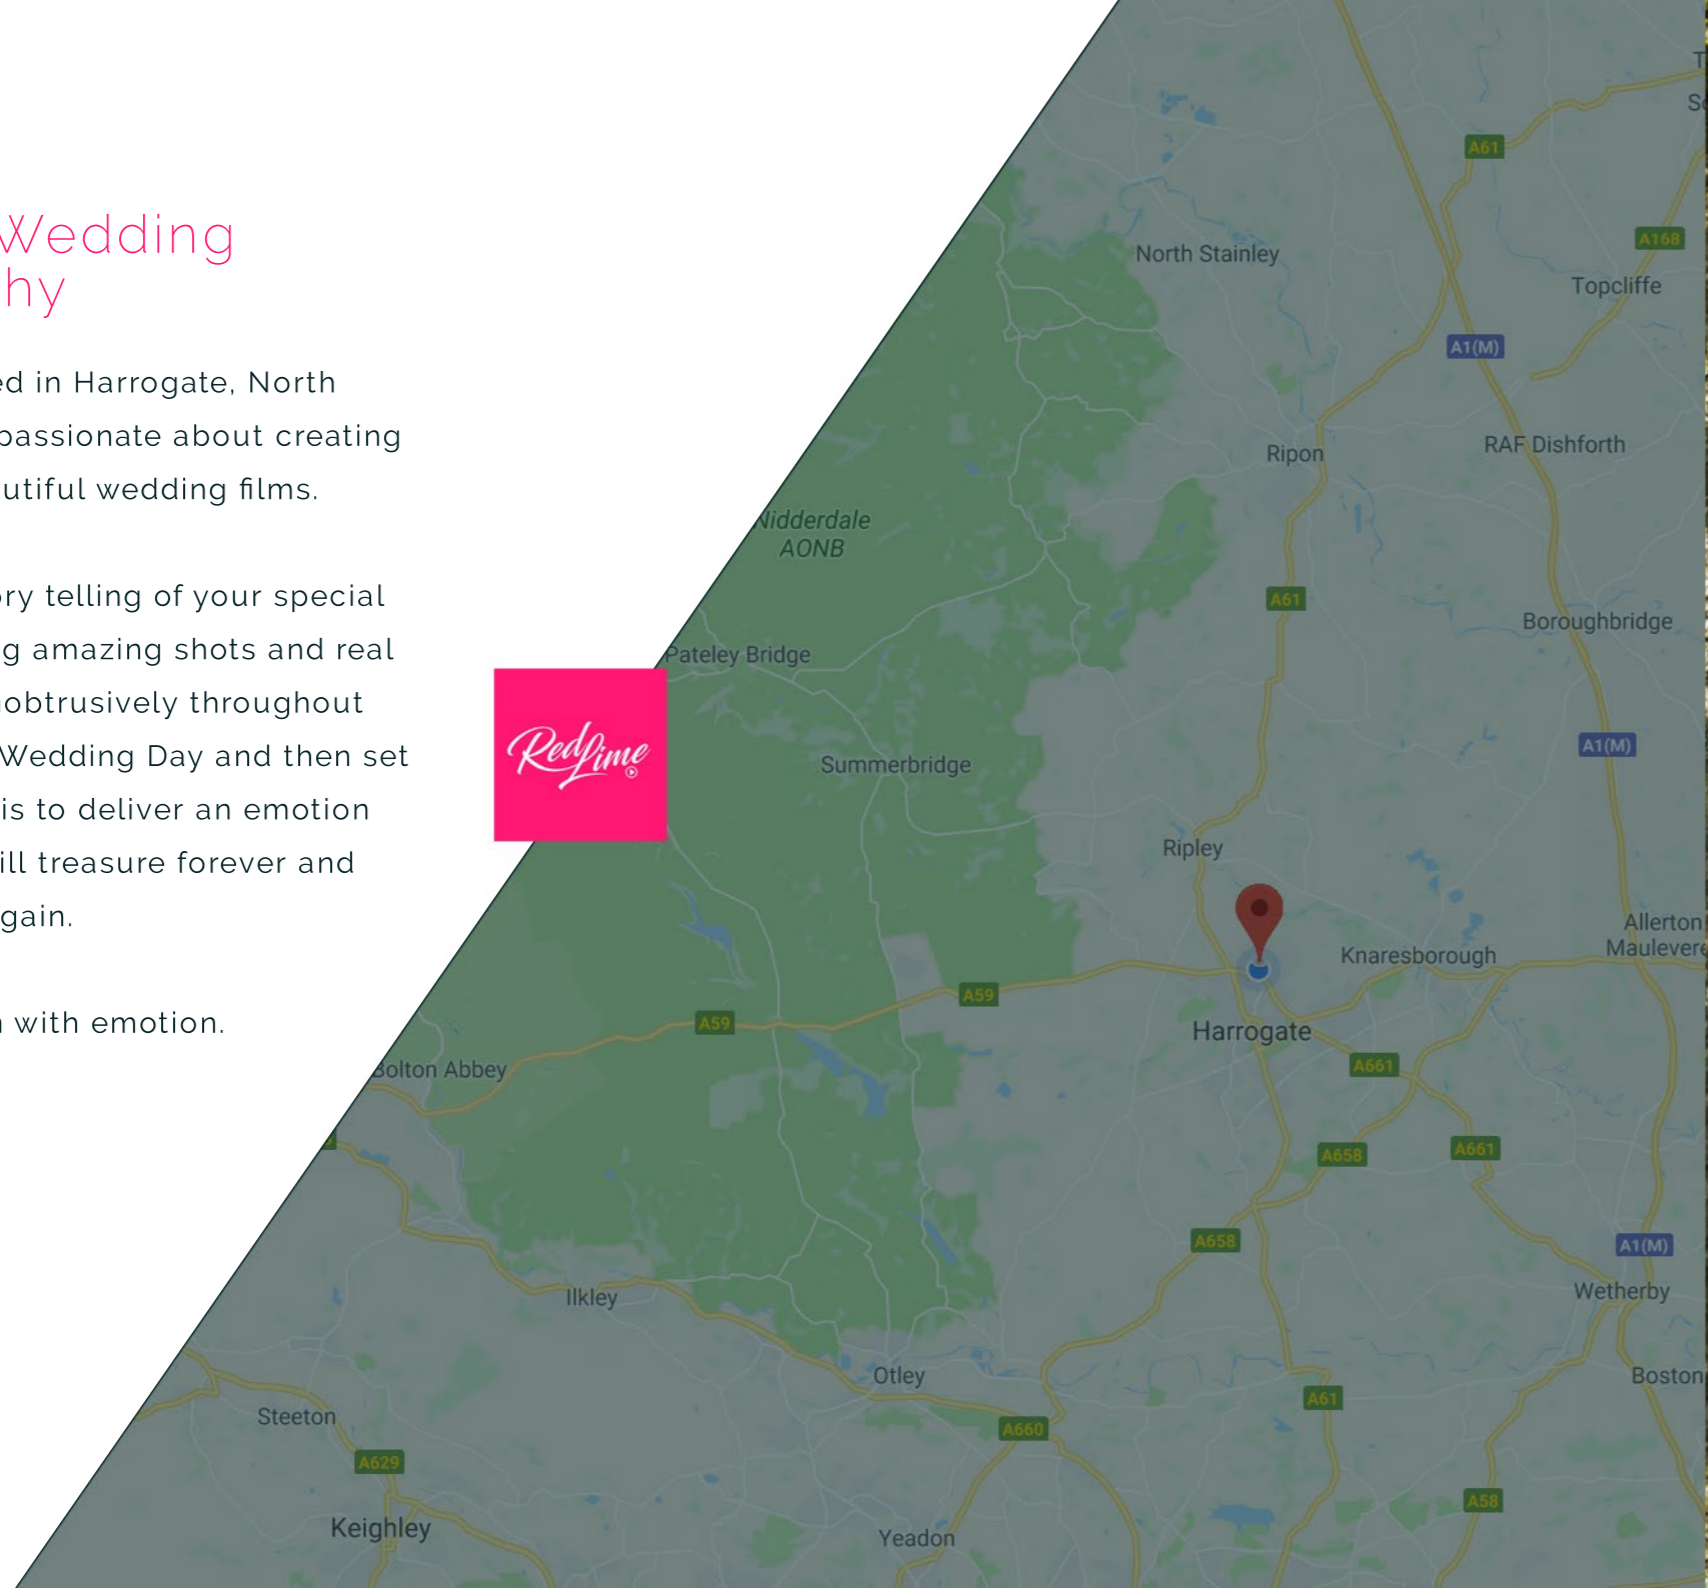

creating moving memories

Yorkshire Wedding Videography

Red Lime are based in Harrogate, North Yorkshire. We are passionate about creating evocative and beautiful wedding films.

Our expressive story telling of your special day is crafted using amazing shots and real audio captured unobtrusively throughout the whole of your Wedding Day and then set to music. The aim is to deliver an emotion packed film you will treasure forever and watch again and again.

Red Lime - motion with emotion.

Red Lime are a Husband and Wife team; our story started when we were teenagers and have we have been married for 28 years. Carl is the creative lead; with 30 years in the design industry, an eye for detail, composition, and colour, it's his skill that enables Red Lime to deliver exciting wedding films that our couples love.

Linda has a 'day job', but joins Carl as the second cameraperson. She provides additional shots and angles that are essential to complete our film style.

Our approach to capturing your Wedding is to blend into the day, that way we can capture genuine moments. Our equipment is small and light, making moving in and around your guests troublefree and having two cameras persons means we capture much more of your day.

Our Wedding Film Packages

We offer two package options, both providing coverage for the whole of your day. We are also transparent about our costs, as this helps you to compare and decide. We are happy to provide a custom package if you wish - just ask!

Wedding Film Packages:

- **The Featurette**
- **The Feature Film**

Your Wedding will be filmed from Bridal/Groom preparation to shortly after your First Dance by two videographers. Your finished film is delivered in our exclusive presentation package in both DVD and USB formats. Your Wedding Film can also be shared online to family and friends

Because we only book a small number of Weddings per year, we are able to offer each couple our utmost care and attention, this also means we are able to complete your film quickly, often with 2-3 weeks of your wedding!

The Featurette (8-10 minute film)

Having spent the day with you from Bridal Prep to shortly after your First Dance, we carefully craft your Wedding Featurette Film including footage from all parts of your day. Using audio we captured and carefully selected music to drive the emotion, the result is a film to cherish.

You will be able to share your film online with family and friends as well as receive a DVD copy and a USB with the video in HD in our presentation package.

£850

The Feature Film (30-45 minute film)

Having a longer runtime than the featurette enables us to include many more memories of your wedding day.

More of your Ceremony, more words from the Speeches are what you can expect with the Feature Film.

You will also receive your 1-2 minute highlight teaser film within a couple of days after your wedding for you to share online with your family and friends.

This package comes as a set of five DVDs - enough to share with your families and a copy in HD on a USB all in a presentation package.

£1250

Why have a Wedding Videographer?

Only moving images, coupled with audio can transport you back to your Wedding Day to re-live it all over again. To hear you say your vows and listen to the touching and humorous words of the Speeches.

We still believe you should have a photographer - we all love pictures and those taken by a professional even more so!

A professionally shot wedding film is an investment in memories. On a day when all your families and friends are together, to celebrate your big day, you will have be able to re-live it over and over in years to come.

Booking Red Lime

The first step is to check that we are available for your wedding date. This can be done via email (hello@red-lime.co.uk). Tell us when and where you are getting married. We only accept a small number of bookings each year and those in the summer months go the quickest.

Once we have confirmed your date is available, we will send you a Booking Form. Booking also requires a Booking Fee of £100 that is taken from the overall cost of the package you have chosen. The remainder is not due until 7 days before your Wedding. Once we have received your booking and payment, we will confirm everything with you.

About one month before your wedding, we will contact you to arrange to meet up. This is an ideal time, as generally you will know what the timings of key parts of your day will be.

We will also ask you for the Photographers details. We like to send a quick email to introduce ourselves. We will be working alongside them, and find that this sets up a good rapport.

If you are having a church wedding, we will also ask for the Vicar/Minister/Reverends contact details. Each has their own set of guidelines about filming. Whilst generally these are quite similar and pose no problem, there are rare occasions where we are only allowed to film from the rear of the church, or not allowed to move once set up. If there are any restrictions such as these, we will ensure you are made aware and how it may impact on what we can expect to achieve for you.

After meeting, we will also confirm our arrival time with you and then see you on the day!
