ABOUT

MACEY & BOND  RELOCATABLE 

Relocatable is an award winning brand, comprising of two companies who specialise in the delivery of temporary clear span marquee structures and semi permanent buildings for both the hire industry and commercial sales.

Together our companies supply and install a diverse range of aluminium, modular, clear span structures in widths ranging from 2m to 50m. We cover a variety of events from weddings, corporate hospitality, and private celebrations and commercial applications covering education, disaster recovery, warehouse, storage solutions, sales suites, showrooms, and sport and leisure facilities.

Our expertise is not limited to the provision of the structure, all ancillary items such as suspended floor systems, solid insulated walling, glazing, automated glass doors, luxurious contemporary interiors, furnishings and so much more can be catered for.

Having been in the industry since 1993 both directors have an incredible amount of knowledge and experience on all aspects of Relocatable temporary space solutions. Being highly motivated and together with our long term partners we continually work to develop new innovative bespoke structures for a variety of applications, whilst ensuring that our projects and events are affordable, achievable and deliverable.

MACEY & BOND

EVENT STRUCTURES

When you're busy planning a big event or celebration, be that a wedding, a festival or a corporate event we understand that you want everything to be perfect. We also know how stressful occasions like these can be and the amount of time and sheer effort that goes into the organisation. But, with our award winning, marquee hire service on your side you can relax knowing that this aspect of your event is covered.

However large or small your event is, our experienced team work all around the UK creating perfect venues, and are on hand to help and advise you. We realise that marquee hire is as much about personal service as it is the quality of our marquees. And, by offering continued guidance, creative ideas, high end structures and attention to detail, we will take the pressure out of your event organisation.

For us it's all about offering a tailored service, that takes the time to understand both your logistical marquee hire requirements and also your vision for the event. Some people have very clear ideas on how they want their marquee to look, whilst others turn to us for help in this area. So, whether your head is full of glamorous images, cutting edge design, minimalist simplicity or a blank canvas, we will work with you to create a venue that is certain to impress.

Our marquee structures have graced the grounds of beautiful palaces, stood out next to stately homes, claimed the land of castles, theme parks and private gardens, and you can be sure that, wherever your marquee hire takes us, we will help bring your ideas to life, creating a stunning backdrop to your event.

We do realise that putting on events can be costly and, therefore, work very hard to ensure that our marquee hire prices are affordable, without scrimping on the all-important quality, safety and finish.

So, If you are planning your next event and need to hire a marquee structure, please get in touch with our experts and see how they can help to translate your ideas and plans into an exciting reality.

Weddings

Your wedding marquee must be stunning, memorable and, of course, unique to you. This is your big day and we realise how important this element of your celebration is.

To ensure that your marquee doesn't blend in with all the other wedding marquees out there, we take the time to understand exactly what you are looking for, what ideas and pictures you have in your head and what themes you are considering that could impact on the style of the marquee you choose.

Whether you choose a classic and elegant theme of white and ivory for your romantic wedding marquee, opt for a vintage look complete with sparkling crystal chandeliers and mismatched china for a marquee full of laid back glamour, want specially lit dance floors, trees and starlight effects which really come to life when daylight fades, the choice is really yours.

MULTICULTURAL WEDDING MARQUEE HIRE

Macey & Bond has vast experience in hiring large wedding marquees for a wide variety of faiths and religions, where it is not unusual for wedding guest numbers to exceed 500. In addition to your wedding marquee hire we also offer specialist caterers, interior designers and other trusted suppliers who not only understand different faiths but also have the capability and expertise and experience to ensure that your big day has that all important wow factor.

We realise that, especially with larger weddings, it is important to deliver a high standard of finish, a stunning wedding marquee and an event that exceeds expectations whilst also maintaining affordable prices.

So, however large your wedding guest list is, you can trust Macey & Bond to make your big day truly memorable.

Please get in touch with us to discuss our large wedding marquee hire services for your special day.

CELEBRATIONS

A marquee starts as a blank canvas allowing you to create a unique space for entertaining. From simple to extravagant, at home or a chosen venue, our marquees can provide that covered space, extension to a building or stand alone solution for a variety of celebrations.

From conception to completion, Macey & Bond can bring your ideas to life, be it a masquerade ball, James Bond, Winter Wonderland to Bollywood the only limitation is the imagination.

Birthdays, Engagements, Christenings, Anniversaries, Bar Mitzvahs, House Warming's or just because....we can help get the party started!

CORPORATE EVENTS

"Superb job completed under very difficult weather conditions, credit where credit is due! Look forward to working with you again soon."

Contract Manager, DVD

CORPORATE EVENTS

In the corporate sector, branding, image and how you deliver a corporate event is becoming increasingly important. Which is why our corporate marquee hire service is valued by the many clients we have worked with, across a wide variety of business sectors.

Whether you need to hire a marquee for a new product launch, to celebrate an anniversary, reward staff, host team building events, attend a large trade show or if you are extending hospitality to valuable clients, we understand the importance of making an impression with your venue.

Having worked on many high profile corporate marquee installations, we are highly experienced at working in public places, within secure locations and at sensitive venues. This experience ensures that we operate under strict procedures, are adept at working with restricted access, under stringent time restraints and with complete confidentiality. We are trusted by our clients to deliver high quality, semi permanent structures, on time and within budget, that reflect their brand, business personality and ultimately impress their clients, competitors and staff alike.

Whatever the size of your event, whether you are looking to hire a single marquee or an entire marquee village for a larger scale corporate occasion, we will work with you to create the perfect corporate space to hold your business event.

CORPORATE EVENTS

Thanks to the flexibility of our marquees we can transform your company car park, internal warehouse, or a plot on a show-ground to create a stunning environment in which to promote, stand out from the competition and celebrate your corporate identity.

We realise that you will probably have quite strong ideas and branding guidelines to follow for your event and we will definitely work with you to ensure that this is realised. If, of course, your business lends itself to something a bit different then our corporate marquee experts will spend time understanding your vision, so that they can transform this into a stunning reality.

Our personal service combines high quality corporate marquee hire with expert help and advice, to ensure that your business is well represented and stands out from the crowd.

“Another superb structure which was impervious to the storms and floods, we had a wonderful day and everyone is still talking about Prince Charles’ visit”

SEMI-PERMANENT BUILDINGS

Relocatable offer a range of modular semi permanent structures and demountable buildings designed and engineered to permanent standards.

Our structures and buildings are available for sale, rental or lease, where we can provide a quick solution for a covered space, for a variety of applications.

From design and manufacture, to delivery and installation, our solutions are available within a short lead time on average within 4 – 8 weeks.

COMMERCIAL APPLICATIONS

Marketing Suites	Warehousing
Retail Showrooms	Sports Facilities
Offices	Storage Solutions

We offer a diverse range of modular, clear span structures and buildings in widths ranging from 2m to 60m, with eave heights from 3m to 10m. Our semi-permanent buildings like traditional permanent buildings are designed to be fully compliant with regional site specific wind and snow loadings. Unlike traditional construction methods our innovative buildings and structures offer many advantages.

Key Advantages Of Using A Relocatable Structure

- Modern, attractive buildings with design options to reflect your corporate image
- Bespoke buildings designed to your individual needs
- Single, double or multi storey buildings available
- Modular flexible dimensions which are easily adapted, extended or reconfigured both internally and externally
- Sustainable being fully relocatable and reusable being able to move with your business requirements
- Fast delivery and construction ensures early occupation and a quick return on investment
- The ultimate high-quality, flexible building solution

Our extensive range of modular buildings are available with three different options for the roof covering, a single layer, a thermal inflatable cover and a composite steel roof, providing options for energy efficiency and high "U" values together with complimenting side wall systems.

In addition our buildings are available with all supporting ancillaries such as suspended floor systems, solid insulated walling, glazing, automated glass doors, mezzanine floors, luxurious contemporary interiors and so much more.

Bespoke structures can be designed, calculated, manufactured and installed to meet a specific project requirement.

SUSTAINABLE MODULAR BUILDINGS & PREFABRICATED CABIN SYSTEMS

High quality portable buildings and prefabricated cabin systems that are fully Relocatable, built to a high specification meeting all current building regulations, and part L compliant.

Our expert bespoke contemporary modular designs can be tailored to meet individual needs, with flexible floor layouts, single or multiple storey accommodation, all supplied together with excellent inbuilt welfare facilities. Our buildings and cabin systems include carpentry, mechanical and electrical installation, flooring, plumbing, furnishings and signage, with a huge range of easily incorporated cladding materials to meet aesthetic design criteria, providing a fully commercial branded unit complete with a individual interior design.

Prisons

Modular construction is a faster, more cost effective, greener solution when compared to some traditional methods. This is all due to the units being manufactured off site, providing reduced build timescales, meeting contract build programmes, improved on site health & safety risks, and reduced site traffic.

Built from sustainable and recyclable materials which are economical to maintain, our units are easily and quickly relocated and can be utilised at different locations, all helping you to reduce the overall carbon footprint and save on costs.

SERVICES & PLANNING

Relocatable provide a comprehensive range of services to ensure that your event structure or temporary building project, progresses smoothly and is delivered on time. Our experienced staff can help plan and design your project, assist with any planning permissions, undertake complimentary site evaluations though to the installation undertaken by our own site crews, rest assured Relocatable will assist you every step of the way.

Site Evaluations

Our experienced site managers will undertake a complimentary site survey not only to ensure that we provide you with the optimum structural solution but to also asses any risks and obstacles that may be present on the site.

Plan & Desgin

Each project will be designed in accordance with the specific requirements of the client based upon the project or event type. CAD plans will be produced and tailored to your needs taking into account all of the findings of the site evaluation.

Planning Permission

For structures that are to be utilised for a period of 28 days or longer, planning permission is required, this also extends to emergency building's. However as stated in the 1996 planning act, planning permission is not required if a refurbishment is taking place.

Installations Team

Our fully trained, experienced in house installation team will deliver your marquee structure or temporary building and will work tirelessly to install it to the highest of standards and within delivery time scales. When the contract ends or the event has taken place we will arrange a suitable date and time to dismantle the structure and leave the site clean and tidy.

Maintenance Agreements

After the installation of your temporary semi permanent building we can provide on-going maintenance agreements. This can be arranged on a yearly basis or the more flexible "pay as you go" option. Our team will make the arrangements to regularly attend site and check the fixings, structural frame, roofing, gutters, flooring and more, together with a full clean if required.

Financial Packages

We are pleased to be able to offer you the option to purchase, hire or lease your semi permanent building, providing a flexible financial option.

Venues

Having worked at some of the most beautiful venues over the years, we have built a strong working relationship with the owners or the events team on site.

We are aware of what is achievable, venue hire costs, together with any restrictions imposed which could dictate the timings of your event, we are pleased to be able to offer the following venue ideas for your event.

Stately Homes
Country Parks

Historic Castles
Theme Parks

Regal Palaces
Hotels

County Houses
Sporting Clubs

Partners – Over the years we have worked with a range of specialist suppliers that help us to provide you with a vast range of internal and external options for your event structure and temporary building. From suspended / mezzanine floors, automated sliding doors, HVAC, power generator and internal fixtures and fitting, we will always look to satisfy your requirements with our excellent support team.

HEALTH & SAFETY

Quality & Safety First

It is company policy to take Health & Safety and the temporary structure regulations very seriously to ensure the safety of our staff, clients and the public.

All parties have a duty of care to both the public and the crews working on site. This includes the venue owner/operator, the event organiser, the marquee structure contractor and other contractors working on the same site.

Whilst we appreciate that there is always a "cheaper" contractor, we want our customers to know that our prices will reflect not only the cost of hiring or buying first class equipment but also first class safety.

Rest assured we guarantee your temporary structure is built in accordance with the highest safety standards

Further information can be obtained from our website: www.relocatable-structures.co.uk

Reducing The Risk

Our working practices and procedures conform to the MUTAmarq guidelines for events in temporary structures, and our company's Health & Safety has been assessed and accredited by Safecontractor, a member of the SSIP (Safety Schemes In Procurement).

Our installation crews as minimum are first aid and CSCS trained (Construction Skills Certification Scheme) providing confidence that our crews have the appropriate construction related qualifications and have passed the CITB Health & Safety & Environment examination.

Our site managers are trained to The Site Supervisors Safety Training Scheme for the Construction and Civil Engineering Industries.

All site crew are supplied with full PPE equipment according to what is required on the site in question, all staff members clearly display the Relocatable logo to ensure security on site.

Risk Assessments, Method statements and Site survey

In line with current temporary structure regulations a full site survey will be completed before work commences on site, the client will then be issued with a site specific Risk Assessment and full Method Statement, along with a copy of our Health and Safety Policy. All our temporary structures are built in accordance with the engineers assembly guidelines.

Structure Safety, Calculations & Standards

Marquee Structures / Frame & Covers

Wind & Snow Loading – In line with current temporary structure regulations all temporary structures in the Relocatable hire range have the following values wind loading 0.50Kn/sqm / wind speed of 100Km/h DIN EN 13782

Semi permanent structures/buildings meet with comprehensive structural generic stability calculation certificates. This means that the building will meet the UK Building Regulations for both wind (BS6399 part 2 1997) and snow (BS6399 part 3 1988) loadings. Calculated based upon a specific post code where the structure is to be installed.
