The Ipswich & Suffolk Club

A unique period venue in the heart of Ipswich

The Ipswich and Suffolk Club, tucked unobtrusively between Tower Street and Northgate Street, in the shadow of the magnificent St Mary Le Tower Church, is one of the town's best-kept secrets.

Since the 1800s this ancient building has provided its members with a comfortable and elegant venue for its many social activities and its grounds offer a convenient town-centre private parking facility.

Now for the first time the club has opened up its doors to those wishing to celebrate their wedding in this exceptional venue.

A wedding venue with a difference

The Ipswich and Suffolk Club offers a superb wedding venue for the discerning couple who value tradition, atmosphere and period elegance.

Guests will appreciate the convenience of our large private car park and can take full advantage of all the club's facilities including large reception area, bar, Adam Room, 60-seater restaurant and courtyard garden.

A full range of bespoke catering options is available from a simple finger buffet to a full wedding breakfast, and all cuisine is prepared in the club's kitchens from the finest ingredients by our renowned team of chefs.

We invite

If you feel that the Ipswich and Suffolk Club might be the perfect venue for your wedding then please come in and see for yourself.

The Club is licensed to hold civil ceremonies in its magnificent Adam Room and restaurant or can offer a reception-only service if required.

Our General Manager Robert Coppin will be delighted to make an appointment to show you our facilities and discuss how the Club team can meet your needs and exceed your expectations.
