

# About Belinda Buxton Photography

Photography has been a passion for me from a young age. I thrive on capturing images with emotion, meaning and sometimes, quirky elements. I look to capture the story of your wedding day without being intrusive so you can treasure those memories forever.

I have an Associateship Qualification with the Society of Wedding and Portrait Photographers (ASWPP), the second highest qualification available. I am also a Qualified Member of the Master Photographers Association, so you can relax knowing your special day is in good hands.

My style of photography is a mix of photojournalism, formal and creatively inspired photography. This enables me to take natural unposed shots of you and your guests along with images which are unique to you and, I believe, will be a fabulous addition to your finished images.

My photography has been awarded numerous awards and I continue to hone my craft even now.

## Some Kind Words.....

Belinda is an excellent photographer! So friendly and relaxed, and for someone like me who is very camera shy really puts you at ease in front of the camera! Belinda took our wedding photos and put together a superb album, and has also done our baby photo shoot getting some great images of our little boy! I would highly recommend Belinda to everyone!

After seeing Belinda's work at a family members wedding there was no doubt we had to use this super talented lady for our wedding! She didn't disappoint. Not only did she take every shot we asked for and much much more, she was also on hand throughout the day taking some really beautiful natural shots ! Cannot recommend highly enough !

Belinda was the first supplier we booked for our wedding and we instantly liked her and her amazing photos. At no point did Belinda hard sell which was really refreshing after being bombarded at wedding shows, and of course her work speaks for itself. Belinda was a really important part of the wedding day helping out. The whole process has been very professional. We were moved to tears when we saw the photos of the pre-shoot as it included our son who was only a few weeks old, and are special memories of the start of our family. We cannot recommend Belinda enough and consider her our friend as well as our photographer. Thank you Belinda.
