Bouncy Boing love to see happy people! We have regular bookings from schools, shows and event organisers, as well as many private bookings for parties and weddings.

We also have other items for hire, including a fantastic Cookie Monster costume, outdoor games, and space hoppers. You can even hire a Yamaha digital stage piano, a high performance speaker & microphone, a generator, a smoke machine and a bubble machine. And for those who like wheels, we have didi-cars, crazy bikes and an unrideable bike that steers the opposite way!

During winter or bad weather, why not hire a village or church hall to put a castle in? Most of the good halls around only charge a few pounds. Not bad for an afternoon for the kids to [let off steam!](#)

Have a look at our website to see how reasonable our prices are.

www.bouncyboing.co.uk

£10 Voucher. If you hand us this flyer when we arrive with a castle for your **first** booking with us, we'll reduce your castle hire charge by £ 10 . If you hire a castle from us 4 times at the same domestic address, the 4th will be **half price**, and the 10th will be **free!** (Offers exclude the mileage charge, and are subject to availability. Offers not applicable over bank holiday periods.)

We are members of the BIHA, a national organisation that promotes safe and sensible use of inflatables. All of our castles have a rigorous test every year, and receive a Health and Safety Certificate of Inspection, much like an Mot.
