Testimonials

"Smiley-faced, hard-grafting originators of clever ideas and delicious dishes"

"I have had the pleasure of using Ross and Ross several times now, to cater both large lunch parties and dinner parties. They have been extremely friendly and courteous and efficient and flexible. The food has been very well received and commented upon by guests. I recommend them strongly"

"I just wanted to write to say thank you for the Ross and Ross potted products you kindly gave me after the lunch you cooked for us last month - all were absolutely delicious. I was very interested to hear about your journey so far - small businesses play a vital role in our economy and in local communities and the start up of Ross and Ross is a good example of what can be achieved in a difficult economic climate. I wish you both every success and once again, thank you."

David Cameron - Former UK Prime Minister
