WHO IS RAY?

- Full time and fully insured professional wedding photographer
- A devoted (Yvette calls it annoying) husband since 2007
- Father of one mini-me (I am sure we could handle one more)
- An ex-Chef - speciality is a superb chicken with stilton in red wine
- Vertically challenged at 5' 6" (and a half)
- Very self-critical of everything I do
- A lover of speed, scuba, powerful songs, acoustic music & food

I love weddings, the joy and emotions on the day are amazing.

My style is a mix of informal reportage coupled with a few traditional group photos and I aim to capture your day to tell a unique story that you will share over and over, for generations to come. I have over 10 years experience, a friendly attitude and come from a long line of photographers. I've also got some rave reviews.

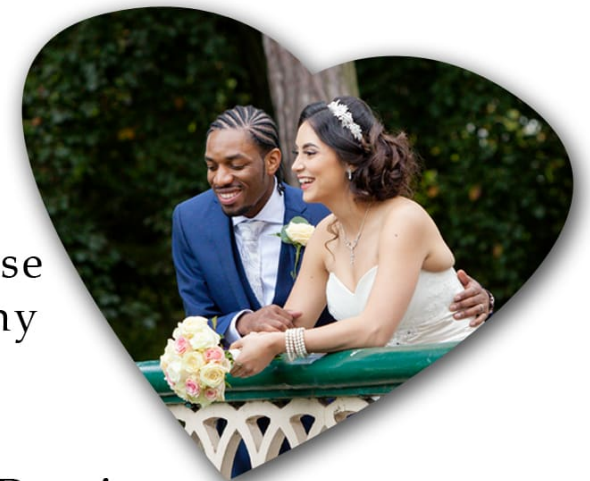

KIND WORDS

Rachel & Peter

Ray captured memories to treasure for a lifetime on my wedding day. The vibrant colours and crisp images are a beautiful reflection of the day. His upbeat and friendly demeanour makes the whole process comfortable and puts everyone at ease. He is truly gifted and skilled in his profession. His ability to capture natural moments without you noticing adds a unique and unexpected twist. Just perfect!

I cannot thank Ray and Yvette enough for our beautiful wedding photos! Ray has such a good eye and lots of creativity when it comes to capturing those jaw-dropping shots! Aside from how professional this couple are, they are also so warm and friendly. They really listen to you and do anything to make sure you get those shots that you want. I would recommend Ray Ashmore Photography to any bride if they are looking for a professional photography service with that family feel to it.

Amanda & Damian

Ray and Yvette were both so friendly, made us both feel at ease and were both a pleasure to have around. We've just received our wedding album and canvas (very quickly!) and it looks perfect; every photo looks beautiful and exactly what we wanted. They were both so professional and I can't find any fault with anything, the whole process was smooth from start to finish. I'd recommend anyone to use Ray and Yvette for their special day....5* service from 5* people!

Arun & Simrat

We would not hesitate to recommend Ray to anyone looking for a photographer for any occasion. It was a pleasure to have him and his lovely wife there on our wedding day, they were warm, friendly and professional and we had many comments from guests about how great they were. Wedding days go by so fast it can be hard to take it all in, but our beautiful photos bring back all the lovely moments and memories for us. Thank you both so much for your hard work!

Common Questions

How many images will I receive?

This depends on the package chosen although I don't promise a set number as each wedding is unique. Typically the longer I am with you, the more images you will receive.

How long does it take before we get our album?

Processing of your images takes 4-6 weeks at peak season, then once you have finalised your album design it should be printed and with you in around 2 weeks after.

Do you offer bespoke packages?

Tell me what you would like and I will quote you a price.

Can family & friends buy prints?

Yes your online gallery doubles as a store front with a huge range of prints, canvases, albums and digital options to choose from.

How do we book you?

I am thrilled you would like me to capture your wedding. I like to meet all potential clients to have a chat and show you sample albums so please get in touch. To secure me as your wedding photographer I ask for a 15% retainer fee of the package amount and a contract signature. The balance is due 4 weeks prior to your wedding date or we can arrange a payment schedule. Payments can be made by cash, cheque or bank transfer.

“ Once the cake has been eaten, the drinks drunk, the suits returned, the flowers wilted and the dress is tucked away safely, all you are left with are those magical memories and the images to take you back to that special day. ”
