The Guest List

BY JOHN ROAN

The 'Guest List' concept was designed and constructed in our very own framing workshops, and is an ongoing development from our popular Signature frame, which has been a great hit at weddings for several years.

Imagine this fantastic 60 inches wide frame hanging in your home as a truly memorable piece of art, a complete record of all your guest's from the most important day of your life.

During the day, we photograph each of your guests, within eighty images, in a fun and madcap manner.

Later, as you and your family and friends are enjoying the Wedding Breakfast our team are busy editing and printing the images, and mounting them in to the specially constructed mount.

During the evening your guests will be asked to sign their own individual pictures, and enjoy the Guest List.

Your evening guests are also invited to sign the frame, with a few generic images left for this purpose

This incredible presentation really holds the guests attention and is a great source of fun, and we guarantee, will prove memorable for years to come !
