

YARLINGTON HOUSE

SOMERSET'S PREMIER WEDDING VENUE

Who we are

Yarlington house is a dream like location for a Civil Wedding Ceremony or Wedding Reception with many happy couples supporting this. With the large parkland grounds the house offers complete privacy and exclusivity to guests.

The house is approached through the tree lined private drive and guests are immediately struck by the setting of the house in its spectacular gardens. These contribute much to the occasion and offer endless scope for memorable photographs.

The apple pergola in the garden is licensed for civil ceremonies and is a beautiful setting for spring and summer weddings.

If a more traditional ceremony is sought after, the village of Yarlington also offers a delightful little church just down the road from the house.

The house and gardens is a chocolate-box setting for wedding receptions with a lot of space and flexibility.

For unlimited numbers a marquee or Tipi on the lawn is required where the possibilities become endless.

There are no rooms available in the house but a yurt or bell tents are available for accommodation.

Abbas Marquees

Abbas Marquees specialises in weddings, and we're delighted to have just won the Best Marquee Provider in the Country 2016 at the Wedding Industry Awards – again. It's a great accolade, and testament to the hard-working team behind the scenes.

The Abbas team is made up of the wedding and events co-ordinators in the office, the crew who travel around setting up the marquees and fittings, and the specialist team of carpenters, electricians and builders. Between us, we make sure that you get exactly the wedding you want. Many of us have worked with the Abbas Marquee family for over five years – because we love it here, and we hope that our enthusiasm comes through!

Abbas Marquees are proud to be the sole marquee provider for weddings and events at Yarlington House. We will work with you from the start to create your perfect day and ensure you have everything required. We can also provide bell tents for your wedding accommodation or create a glamping site to cater for your guests.

Our Structures

Caroline Gent Catering

Caroline Gent is the sole caterer for Yarlington House Weddings and events.

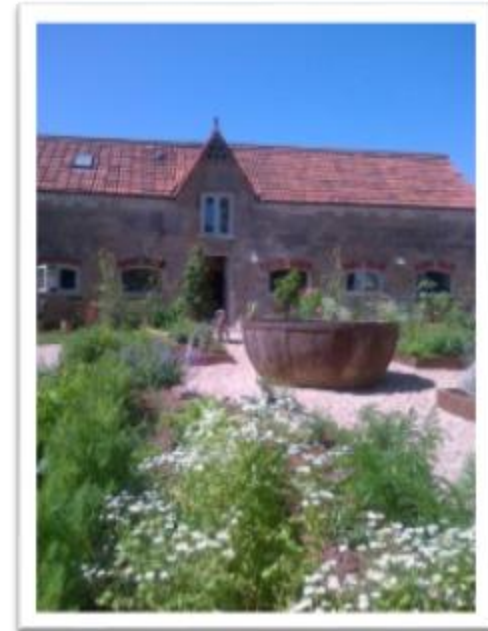

Caroline Gent will provide delicious fine feasts whatever the occasion. Our outlook and expectations of food are changing and the reputation of British food is becoming one of the best in the world. Caroline Gent and her chefs have been producing original, modern and seasonally inspired food for over twenty years.

Our team is passionate about sourcing fresh and local ingredients. Lamb and beef are reared on Somerset meadows, eggs come from our lovely hens and our free range pigs provide wonderful chorizo, sausages and pates. Elderflowers, wild garlic, blackberries, sloes and crab-apples are harvested from hedgerows, whilst edible flowers, salads and herbs are gathered from our kitchen garden.

At Caroline Gent, we are a committed and close knit team, passionate about creating fabulous food and providing our clients with the best possible service. Every menu is personalized and we love the challenge of working with you to design and create the perfect food for your event. We will guide you through the planning, itinerary and menu selection, and will always provide an event manager to be with you to hold your hand on the day itself.

Our devotion to our food and clients underlines our strong commitment to excellence and attention to detail; perfectly illustrated by our references and our nomination as finalists for Wedding Caterer of the Year 2016.
