About Jigsaw Marquees

Jigsaw Marquees established by Alan and Jackie Corfield specialises in fantastic party tents and marquees for smaller events including weddings, parties, corporate events and all types of outdoor occasions. We focus on events for 20-120 guests seated or 20-150 guests standing/buffet party.

Our independent family business started in Shrewsbury and expanded to incorporate a new operating centre in Bournemouth to cater for ever-growing demand. We are dedicated to offering an efficient, quality marquee hire service to all of our customers around the country. Having held various events at home including birthday parties for our 3 daughters, we realised that it was difficult to hire a complete event package that looked fabulous but did not cost too much. We would spend many stressful hours organising and running around all over the county to gather everything together for our party. It became obvious that there was a real need for a smart, slick and complete package that would seamlessly appear in the garden and disappear just as seamlessly after the event. The key was to create a simple yet complete package to de-stress the organisation of your event... Jigsaw Marquees fills this need.

We know that the success of your event is partly dependant on the quality of our equipment and service. We only use new equipment, all of which we own. We don't cross-hire (hire from somebody else and re-hire to you) we are in full control of all of the equipment so that your event runs perfectly.

Why not get in touch with us today for an informal chat to discuss your event on **01743 600428** or **01202 980960**
