"Self drive or with a driver"

"Tailored wedding transport"

CAMBRIDGEWEDDINGCARS

a luxury car for a perfect day...

About Us

Cambridge Wedding Cars is owned by the Wallis family who own the well-known and respected Wallis and Son quality car dealership, workshop and garage business based just outside Cambridge in the attractive village of Barton. Cambridge Wedding Cars itself is run by Nigel Wallis, the Company's Managing Director who also happens to be Dealer Principal at Wallis and Son. Just as with all areas of the family's business, exemplary standards are maintained at all times.

The Wallis Family has been in the motor trade for 80 years but their illustrious history and interest in motoring and flying machines can be traced back more than 100 years beginning with brothers Horace and Percy Wallis who designed and built a monoplane the 'Walbro' which was unveiled in 1910. Unfortunately disaster struck during a test flight when the monoplane crashed and their plans were abandoned for some 70 years until Wing Commander Ken Wallis, Horace's son built a copy of his father's and uncle's plane and in 1980 the 'Walbro' did indeed fly.

Ken Wallis and cousin Geoffrey Wallis, Nigel Wallis' father, went on to design and build an autogyro which has been popularised in the 1969 James Bond film 'You Only Live Twice'. Ken Wallis piloted the autogyro 'Little Nelly' for all the action scenes within the film which took 80 flights to capture.

Photographic evidence of the Wallis family's exploits can be seen on display in their classic car showroom at the Wallis and Son site in Barton, Cambridge.

a luxury car for a perfect day...

Luxury Cars For Life's Most Important Day

Getting married is without doubt one of the most important days of our lives. There's so much to organise and the time leading up to the wedding day is one of the most hectic periods that we are ever likely to experience.

However, when it comes to arranging a wedding car or cars, you will be able to relax safe in the knowledge that this is a family-owned business that will definitely get things right on your biggest of days.

Whatever else may be happening with your complicated wedding arrangements, you will know that you can rely on Cambridge Wedding Cars to offer a personal service tailored to meet your exact needs.

The wedding car fleet comprises of an array of Wedding Cars which are detailed in this brochure. All are in pristine condition throughout and expertly maintained in-house by Wallis and Son's skilled and highly experienced technicians.

We are committed to providing both the best service and the best value. Apart from offering excellent value for money, we provide a service that really is second to none. Your comfort and happiness are our top priorities and to ensure this, we promise that: Your wedding is the only wedding that we will be driving for that day. The car will be prepared solely for your use and will be immaculately presented to you after a full mechanical inspection in our own workshop and valeted by our own in house team before being dressed in your choice of ribbons and bows. All our drivers will arrive smartly dressed in black/grey suits so as not to detract attention from either the bride or the car. And our classic car drivers will have a Chauffeurs hat to wear at request. All cars are equipped with large umbrellas just in case! Our drivers will personally coordinate the timings of the day with you to ensure prompt arrivals/departures and will plan alternative routes to ensure the day runs smoothly. You can decide all ribbon/floral displays so that the car will arrive looking exactly how you want.

1956 BENTLEY S1

*Elegance is the only beauty
that never fades*

The Bentley S1 was Bentley's first true complete redesign of their standard production car after World War II. Bentley lost the pre war looks and instead gained a beautifully profiled full width body that managed to look both timeless and contemporary. The S1 is a very elegant car which still manages to turn heads to this day. It was once said of the S1 'To the connoisseur who must have the best, it is worth every penny'.

The Bentley S1 is finished in its stylish original colour scheme of two tone grey and inside the Bentley, which will seat three to four passengers, the S1 is fitted with full blue leather and walnut trim.

If you're looking for a vintage, stylish Wedding Car it has to be the Bentley.

BENTLEY MK VI

Post War Luxury

The MK VI was the first post war luxury car from Bentley. These very expensive cars were a genuine success with a waiting list of over three years.

The Bentley featured as a very early true love for James Bond. Although Bond will forever be associated with Aston Martin, in his books he is very much a Bentley man. After his 1933 Bentley was typically destroyed in *Moonraker* he used his gambling winnings to buy a Bentley Mark VI.

As James Bond once said everyone should have a least one folly in their life. The Bentley was clearly his and choosing our beautiful silver Bentley with luxurious cream leather on your Wedding Day will truly be match made in Fleming.

1934 DAIMLER 15

*Take a step back
in time ...*

Daimler dates right back to the dawn of the motor car and provided the foundation stone for the British Car Industry.

Traditional Daimler characteristics had long endeared the marque to the nobility and throughout the 1920s and 30s the company's products were preferred by the Royal Family to those of rivals Rolls-Royce. This undoubtedly helped to create the quality image it presents to this date. The Daimler Fifteen, was produced from 1932 to 1936 and became the most successful Daimler to date. It offered the owner/driver a cut above the average being smaller and lighter than previous models.

Our beautiful Daimler's exterior is charcoal over slate grey with charcoal roof and dark ruby wire wheels. The interior is finished in scarlet red leather and will seat three passengers. The Daimler truly is a historic and rare Wedding Car and will certainly make your journey on your special day even more memorable.

1967 JAGUAR MKII

Grace, Space, Pace

The Jaguar MK II was produced in 1959 and soon became one of the most recognisable saloon car shapes ever made. It was once said that they had all the curves in the right places and should be regarded as a design icon in the same league as the original Coca Cola bottle and The Chrysler Building in Manhattan.

It has featured in TV programmes from *The Sweeney* to *Inspector Morse*. Often described as the 'Morse mobile' it is easy to understand why Inspector Morse used a MK II as his daily form of transport. This Classic 3.8-litre version was one of the fastest cars on the road easily capable of 120 miles an hour. Hence, it was used by many infamous villains of the day, especially those in the bank robbing fraternity.

This particular beauty which will seat three to four passengers is finished in indigo blue with grey

leather and walnut trim with chrome wire wheels. As with all Jaguars of this era it is a real head turner and soon has many admirers especially on your Wedding Day.

1977 ROLLS-ROYCE SILVER SHADOW

At 60 miles per hour, the loudest noise comes from the electric clock

The Rolls-Royce Silver Shadow is a luxurious car that was produced in various forms from 1965.

The luxurious Peninsula Hotel of Hong Kong is renowned for its fleet of Rolls-Royces, which initially comprised seven Silver Shadows; a fact immortalised in the Bond film 'The Man With The Golden Gun'. Our Rolls-Royce Shadow II is one of three examples finished in 'Peninsula Green' especially built for the 1977 Motorshow. The distinctive exterior colour is complemented by a beige leather interior, leather roof lining and sheep skin rugs.

The Silver Shadow makes for a stunning Wedding Car and can comfortably transport up to four passengers in supreme luxury.

BENTLEY FLYING SPUR

It is impossible to overdo luxury

The Bentley Flying Spur is a remarkable luxury Sedan. From the sharp lines of its super-formed Platinum grey exterior to the luxurious interior which has sound proofing in the doors and floor ensuring the environment inside remains one of absolute calm. The Flying Spur certainly offers serene limousine comfort designed for those who demand unrestrained luxury. Inside the hand fitted cabin, which will generously seat four passengers, you'll find luxurious cream leather massaging seats and tasteful walnut trim. The Flying Spur makes a beautiful modern sophisticated Wedding Car and guarantees to get you to your Wedding in relaxed comfort and style.

MASERATI QUATTROPORTE

Make a dream a reality ...

The Maserati Quattroporte is a four-door sports luxury saloon produced by Italian car manufacturer Maserati. The name translated from Italian literally means "four doors". There have been six generations of this car, with the first introduced in 1963, and the current model launched in 2013.

The Maserati Quattroporte is a luxury performance car that offers practicality mixed with stylish looks and sports car handling.

BMW 750 IL

Luxury & Finesse

The BMW 7 Series represents the peak of luxury and has always been one of the most sophisticated cars on the market.

The amount of technology on board is first rate whilst the 4.8 V8 engine gives a smooth and relaxing ride ensuring you travel on your Wedding Day in perfect luxury.

RANGE ROVER VOGUE SE

Get the ultimate in 4 x 4 prestige and style

The Range Rover Vogue has a distinctive and commanding presence for a Wedding Car and is particularly popular for those wanting a second wedding car for bridesmaids or other guests. Finished in eye-catching white with LED lights and 22" alloys this spacious Range Rover Supercharger will easily and comfortably seat four passengers in its impressive full black leather and air-conditioned interior.

RANGE ROVER VOGUE SE

Class Leading Capability

The Range Rover for decades, has been the luxury SUV benchmark. Its upmarket image, exquisite interior, powerful engines and unrivalled off-road ability make it the go-to vehicle for those who want one car that can do it all.

RANGE ROVER SPORT

Agile and Dynamic

The Land Rover Range Rover Sport is a smaller and more athletic version of the larger, more traditional Range Rover. Unlike other models in the Range Rover range, the Sport is primarily designed to be driven on-road, where it corners precisely and with the minimum of fuss.

Our particular Range Rover Sport has been finished off by the prestigious styling company Hawke, so boasts one-off styling. Ideal for a one-off event.

LAND ROVER DISCOVERY

Experienced and Capable

The Land Rover Discovery is a mid-size luxury SUV, from the British car maker Land Rover.

First built in 1989. In 2004 Land Rover introduced the Discovery 3, The Discovery has a polished drivetrain and chassis, with excellent build quality. Add to this a seven seater capability, this really is a class vehicle. Perfect for a second Wedding Car.

LAND ROVER SERIES III

A Country Classic

After World War II, Rover desperately needed to get car production going again. A gap in the market had arisen for a farm vehicle that was smaller than a tractor but was more versatile, and was rugged without being cumbersome. The Land Rover project was made official with design work starting in spring 1947. The first prototype Land Rovers being built on Jeep chassis.

By the start of the 1970s, The Rover Company wanted to give a 'facelift' to the Land Rover, so the Series III was introduced in 1971.

The Land Rover is a classic example of true practicality and it is estimated that over 70% of all Land Rovers ever made are still running around somewhere in the world.

This lovely example is finished in bronze green with a canvas roof. It can carry up to five passengers or alternatively accommodate your amazing wedding dress.

1943 WILLY'S JEEP

The Wartime Limousine

Since as early as World War I, the U.S. Army had been looking for a fast, lightweight all-terrain reconnaissance vehicle. In early 1940, however, things became urgent as the Axis powers began to score victories in Europe and Northern Africa and the need to rapidly develop this vehicle became more urgent. The Army put out a call to automobile manufacturers asking for a running prototype for such a vehicle in just 49 days.

The Ford Motor Company and Willys Overland produced a prototype and following this went on to produce them at rate of one jeep per one and a half minutes! Over 700,000 had left the factories by the end of WWII.

Jeep vehicles were recognized by soldiers and civilians alike as the vehicle that could go anywhere and do anything and have transported everyone from Presidents and British Royalty to Privates and Celebrities and even newlyweds....

JAGUAR E TYPE 2+2 COUPE

*The Ultimate Cat.
Domesticated not Declawed*

The E Type Jaguar was unveiled at the 1961 Geneva Motor Show becoming an instant must- have. The E-Type shocked the world and quickly catapulted to iconic status. Its aggressive, dart-like profile, bulging bonnet and tapering tail were like nothing else on the road.

Along with its looks the E Types stiff chassis and supple suspension gave it a smooth ride and great road-holding. This particular model has a 4.2 engine with automatic gearbox.

Its drool-inducing design helped sell more than 70,000 cars from 1961 to 1975. The fact that it went faster than a Ferrari for half the price didn't hurt, either. This competitive advantage, in addition to its stunning appearance explain its success for nearly 15 years.

The E-Type is finished in Silver with Red Leather upholstery it will seat two adults in the front and two little people in the back and comes with an original Jaguar picnic basket!

1975 TRIUMPH STAG

Stag a new kind of Triumph

With its powerful V8 engine and sports car looks this four seater convertible lead Britain into a new era in the 1970s. Achingly desirable to look at, and with a soundtrack to die for, the Stag had the world at its feet and became one of the most popular British Sports Car ever made.

Finished in classic white with full black leather this 1975 3.0-litre Automatic Stag is guaranteed to make your Wedding Day a Triumph.

1971 JENSEN INTERCEPTOR MK III

This car is for driving not for having tea

The Jensen Interceptor was a legendary British sports car, hand-built in the UK. Launched in the mid sixties it was the most powerful car Jensen ever produced and at the time it was mentioned in the same breath as Aston Martin and Bentley.

Powering this stunning car is an impressive 6.3-litre Chrysler V8 engine and inside its two wide opening doors there is ample room for four with its black leather seats with red piping comparable to armchairs.

The Interceptor, with its bright red paintwork gleaming in the sun, guarantees to draw attention wherever it goes. The perfect addition to your Wedding Day.

MINI MAYFAIR

A British Icon

The Mini is the small car icon of the 1960s. Measuring just 3.05 metres the Mini was revolutionary and became the pioneer of an entire class of small and compact cars being voted the 'greatest British car ever made'. Forever immortalised by being the car of choice for Michael Cain in the 60s hit film the *Italian Job*.

Mini inspires enthusiasm. Sitting in the driver's seat of our green Mini with silver roof your heart skips a beat, the go-kart feeling hits in and you feel a surge of adrenaline. Mini is one of the most passionate machines and the best-loved cars of all time.

Include this little beauty on your Wedding Day and you'll see why.

MINI COOPER SPORT

Cheeky reputation for fun

The exploits of the Mini Cooper have passed into motoring folklore! First launched in 1959 the Mini as we all remember ran a 40 year life that stretched from World Rally to the big screen. The Cooper being the car everyone wanted to drive.

Here we have available for hire the run out model before the car ceased production in 2001. This has all the characteristics of the original Mini with some modern technology to make it a really fun drive.

ASTON MARTIN DB9

Power, Beauty and Soul

Although there have been several models produced in Aston Martin's 90-plus-year history, none have been as famous as those with "DB" tattooed to their tails. The DBs were and still are some of the most drop-dead gorgeous and performance-capable sports cars on the road. All DB9s are powered by a 6.0-litre V12 that produces 470 horsepower and 443 pound-feet of torque. Being driven by a certain fictional British super spy certainly enhanced the car's fame.

The Aston Martin DB9 simultaneously represents the brand's past and future, with sexy styling inspired by previous models and a high-tech aluminum platform that has underpinned every subsequent new Aston on the road.

ASTON MARTIN DB9 Volante

The world's most timeless GT

The Aston Martin DB9 Volante is the iconic British company's rival to the Bentley Continental GTC and the Mercedes SL.

The sophisticated style is only part of the story, as the Volante also has a superbly crafted interior, with hand-stitched leather throughout. Then there's the powerful V12 engine and six-speed paddle-shift gearbox, which give the DB9 supercar performance and a satisfying, classic engine rumble.

The Volante, as the convertible, makes rivals look a little dull, with an elegance and desirability that few cars can match.

ASTON MARTIN DB7

Body beautiful with a nature to match

Introduced in Europe in 1995 the Aston Martin DB7 was the first Aston Martin developed under the Ford Motor Company. The sports car from Aston Martin represented discriminating taste, a certain breeding

A strong lure is its voluptuous body. The mix of steel and composite panels is unique to the Aston Martin DB7. Combine that look with exclusivity — production of just 650 per year, a scant 200 for America — and the DB7's nature is revealed. In a realm where price is irrelevant, a car must make its occupants feel special.

The DB7 certainly does.

ASTON MARTIN DB7 Volante

Open Air Elegance

The Aston Martin DB7 Volante is arguably one of the best-looking convertibles of all time. Long sensuous lines, an air of exclusivity and a famous badge make it a classic.

The 6.0-litre V12 engine produces 420 bhp, giving great performance with a maximum speed of 165mph.

MERCEDES SL55 AMG

Sets the Pace

Mercedes created one of the most desirable and pretty cars in the world at a stroke with the SL. Roof up, it's a handsome two-seater coupé. Pop the electric roof down and you can bask in sunshine and admiring looks.

The SL 55 AMG has aggressive styling, a purposeful engine note and more responsive behaviour which makes it feel every inch the luxury sports car.

With 475 bhp this really is a drivers car!
