ME

Hi, I am Kevin, master photographer and founder of KND Photography. I am Fun, Friendly, Passionate, Hard- Working, Driven, Emotional and Down to Earth but not necessarily in that order.

So put all of that together and maybe that's why I now gravitate towards photographing weddings: The excitement of the day, the emotion of it all, the buzz, the details, that 'live element' and most importantly, that awesome feeling as two people make one of the most amazing, exciting yet mind-boggling and sometimes even 'scariest' decision in their lives.

My style of photography is summed up in three words **LOVE, FUN & STYLE**

LOVE for me that's what a wedding is primarily about, and what I'm trying to capture the essence of two people who love each other enough to say that they want to spend the rest of their lives together, surrounded by all the people that most important to them.

FUN whether it be joy, happiness or laughter, I want your images to resonate with real emotions. So relax, be yourselves, and just enjoy it - and then allow the pictures to reflect that. Don't worry, I'll be mostly blending into the day capturing it all as it all unfolds. No fake smile, no saying cheese and no looking at the camera. Just real relaxed expressions of people being themselves.

STYLE I'll always strive to make you both 'look good' especially in the parts of the day where I get to spend a few moments with you and hopefully produce some pictures you'll be proud of and happy to show your friends and make them go 'WOW'.

LOVE

It's about the bonds that matter

PRE WED SHOOT

The pre-wed shoot is the key to getting great photos on your wedding day. Because before the day, we will get to hang out together, create some cool photos and you will see how easy and fun it can be. So come the wedding day, I will be like a friend with a camera just blending into the day and you will know how to rock great photos easy.

STYLE

Remember how
good you looked

FUN

Relax and Enjoy your day, all of it

CANDID MOMENTS

On the day, my aim is to blend in and be a part of it all, its the best way to capture those unique moments, loved ones and little details that make your day so special. Those moments as they happen will be documented in creative storytelling so you can relive them all again and again

A romantic wedding portrait of a couple in a garden at sunset. The bride is wearing a white, strapless, lace-trimmed gown, and the groom is in a dark suit with a white shirt and a boutonniere. They are standing close together, looking at each other. The background features trees and bushes, with the sun low on the horizon, creating a warm, golden glow. The text 'CREATIVE PORTRAITS' is overlaid on the left side of the image.

CREATIVE PORTRAITS

We will take a few minutes out of your day to get some relaxed and creative portraits of just you two. For a lot of couples, this is one of their favorite time of their day as it's a nice moment for you both to just breath and take it all in. I will do all the running around beforehand to make sure we've got some great locations and some awesome ideas 'ready to rock'.
