WHY BOOK WILSON WHITE

1. Female Photographers :

We shoot soft, romantic and girly - why? Well because we are girls.

Being female means we see your wedding through a females eyes. No matter how much we like to state men and women are equal, when it comes to weddings, women always seem to be more interested, more focussed in the small things and fall in love with the romance of a wedding.

We get involved with you and your day, we help you dress, we will forsee an issue or point out somethings not looking right - whereas a man wouldn't necessarily see those things and being a man you could not get under a huge train to help mum or the bridesmaids organise the tulle - because that would feel slightly uncomfortable!

We attend on average 30 weddings a year and at everyone we have helped the bride or bridal party in some way, from re-stringing the brides dress, to getting under a mass of tulle and showing bridesmaids how to pull it straight. We see hair mishaps and help put them straight - we forsee and pre-warn brides and bridesmaids of many things that could impact their day. We are not just photographers - on your wedding day we are help, assistance, support and act like a good friend.

2. Unlimited edited Photos:

Yes thats right - we provide all of your photos (although no blinkers or streakers allowed) They are high resolution images that you can use for any private purpose (not for advertising businesses). You can upload them to facebook, distribute them to family and friends, print them, we do not mind.

3. Coverage to suit your needs and budget:

Our wedding collections are priced to ensure we cover all types of wedding no matter how large or small.

4. A beautiful USB drive in a bespoke designed presentation case:

You will get included in your price a stunning USB presentation case with a USB drive loaded with your wedding album images and everything else we took on the day.

5. A printed mini photo story book:

With one of our collections you also receive an amazing mini photo album.

6. An Online gallery:

Show your friends and family the photos - or keep them to yourselves with an online gallery which you can login and view from anyway in the world. No need to carry your album around with you to show relatives - now you can login and even download images to your PC or laptops, phones and Ipads.

7. Engagement shoot:

We offer all our couples the chance to have a photo shoot with us prior to the wedding, in which you will also receive up to 15 free images. This helps us get to know you a little more and the things you like and dislike in photos.

8. We get to know you:

Do you use Pinterest? We will follow your boards and ensure we keep up to date with the pictures you have liked and pinned. We will even send you pins that we think you might like!

We use social media heavily to learn about you and get to know you more.

BOOKING PROCESS GUIDE

Many brides ask for a guide on the process for booking a wedding photographer, so we have listed ours below in order to help you through your photographer choice and booking. We can also provide testimonials if you would like to speak to or hear from past clients:

1. You look at our website, Instagram and Facebook for most recent work. Decide you like our work and request details.
2. We either meet with you or book a phone call appointment to discuss your wedding details and requirements and introduce ourselves.
3. Confirmation – You have a think and decide upon the package that is right for your day and drop us an email to place a provisional hold on the date selected.
4. Secure the day - Once the date is confirmed we will need your booking form and deposit, which secures the day and your booking. (We will give you a booking reference to which you can pay easily online via bank payments quoting the reference given.)
5. Congratulations! - How exciting!! Your wedding photography is now booked.

We now take the time before your wedding to learn about your wedding style and your characters.

We will follow your pinterest boards and even provide ideas once we understand your theme.

6. Did you book an engagement shoot? - If so we will take up to an hour to take some great photos that you can use on signing boards or any other items for the wedding. We will get to know you and your partner better during this shoot and help those nervous types relax - ready for the day.
7. Finalisation - We email over a timings schedule a week before the wedding to finalise the details. Please note the balance of your booking needs to be cleared 6 weeks before the wedding.

FAQ

We often get asked the same type of questions and therefore we have tried to cover as many of the most common ones for you here.

Question 1: I love creative photography, but my mum wants classic group photos. Do you take these?

We most certainly do. We always take a number of standard group shots but we are very happy for you to provide us with a list of those you need to be taken on the day.

They can take some time to get through so its best to keep them to a minimum.

Question 2: Do we get all of the photos? How many photos will that be?

Yes! We will shoot for the majority of the time we are there apart from food time. On average we provide anything from 400-1500 depending on length of time and number of photographers.

Question 3: Do we need to provide lunch for you?

Yes please! We do ask that when you sit to eat we are provided with some lunch, this doesnt have to be the wedding breakfast, we are more than happy with bar snacks. Please do ask your caterers to feed us when they feed the top table as we don't wish to miss any important speeches following the wedding meal because we are still eating and haven't been informed by staff.

Question 4: Do we have photos alone with you?

Yes you do, we will whisk you off for up to an hour, as your timings suit ,and shoot some incredibly romantic and personal images that you will love and treasure forever. We do ask that no one follow us with cameras during this time as its very off putting for the wedding couple.

Question 5: How do we book and what happens next?

Great news you wish to book us, all we ask is for the £200 deposit to be paid and our booking form completed in order to secure the date for you. The balance is due 6 weeks before the wedding.
