Added Touches

Once you have booked your main services, you may like to add an extra touch that completes your entertainment for your event. It's sometimes the small things that bring everything together.

Dry Ice (Dancing on the Clouds)

As you enter the dancefloor, all your guests gather around the dancefloor in anticipation fixated on you. Imagine just as the peak of your first dance a blanket of dry ice unfolds at your feet giving the effect of dancing on the clouds for the ultimate climax.

Confetti Showers

Our most popular extra! A surprise burst of confetti filling the room either as your first dance peaks, or ends, taking you and your guests from awe to jubilation setting the mood for the party to really start. Why not also add a confetti shot to your last dance to finish in style!

Uplighting

Wash the walls, ceilings, entrance, or exterior of your venue with vibrant, mood enhancing uplighting. Our indoor or outdoor wireless & wired units can be combined to create perfectly designed lighting to enhance your venue. Choose from static colours, slow fades between your favourite colours, sound activated programs to complete your evening entertainment, or computer controlled synchronised lighting solutions together with our lighting production packages.
