

Digital Disco

Your Wedding entertainment

Digital disco has been providing bespoke wedding entertainment for over 15 years and prides itself on our quality and cost effective wedding reception disco entertainment.

Your Venue

We can provide computer controlled mood up lighting in the room and decorate the walls with subtle coloured lighting to enhance the experience.

Your first dance as Bride and Groom will be a memorable occasion and time for your friends and relatives to catch some memorable photographs.

Your Dj

Your Dj will always be suitably dressed for the occasion.

Your music choices will be played and a music selection list is sent out with your booking contract,

The Dj will always take music requests on the night and fit these requests in the evenings music set list in an appropriate place in the general flow of the evenings music.

We use the latest digital sound system with computer controlled disco lighting to provide the right atmosphere for your evenings entertainment, Your Dj is covered with £5 million public liability insurance and his equipment is electrically PAT tested for safety each year, the documentation will be provided to the venue in advance of the evening,
