

Full Wedding Planning & Design

Enjoy the experience of planning your wedding under the guidance of a friendly, professional Wedding Planner.

At Monet Weddings, our inclusive Full Wedding Planning & Design package includes all aspects of planning, designing and managing your wedding ceremony and celebrations. The first step is to meet up with your Wedding Planner and have a chat about how you visualise your wedding. This initial consultation helps us to understand your exact requirements and get to know your likes and dislikes. Next, we'll draw up an agreed brief with you so we can get on with making things happen according to both your timeframe and your budget.

Your dedicated Monet Wedding Planner will work to find you the perfect venue, source the right suppliers and create a design concept, unique to you, for your ceremony and celebrations. They'll also be there on the 'big day' itself to make sure that everything runs smoothly and is picture perfect for you and your guests.

Full Wedding Planning & Design Package includes:

- Consultation with your wedding planner
- Venue search and selection
- Supplier sourcing and management throughout
- Detailed timelines and schedule
- Review of all contracts
- Development of design/theme ideas, including mood boards and visuals
- Budget management
- On-the-day management on-site including venue set-up and pack down, plus suppliers' function sheets

Our Bespoke Wedding Planning and Design Service is tailored to help couples who need an extra pair of hands but do not require the full planning experience.

As you may know, planning any kind of event, especially a wedding, can become very time-consuming and trying to fit everything in, alongside busy personal schedules, can leave some couples feeling overwhelmed and apprehensive.

This is where our Bespoke Wedding and Design Service works perfectly. We tailor our wedding planning service to your needs, which complement any plans you have already made. We'll arrange an initial consultation with you so we can understand everything that has been arranged so far and what still needs to be done.

We'll then draw up a detailed plan of what happens next, so you can see what will be arranged by when and make sure you always remain in control.

As part of our Bespoke Wedding Planning and Design Service, we can also assist you when it comes to designing and styling your wedding. We can help you visualise how you want your special day to look, through concept design boards tailored to your ideas, and we can then turn them into reality. We'll handle every detail, from sourcing the perfect centrepieces to dress your tables and the ideal lighting to create the right ambience to finding those extra little gems for the final finishing touches.

We will also be at your venue(s) on the day to make sure everything is ready and waiting for you and your guests on arrival.

FITNESS AND FORM – LOOK GOOD, FEEL GREAT FOR YOUR BIG DAY

At Monet Weddings, we've teamed up with Fitness4Essex to offer special bootcamps and personal training sessions for the bride and groom. Private bootcamps for groups are also available, so your bridal party can get involved too if they're keen!
