

“Thank you so much for doing such a perfect job on it. It was such a pleasure coming to see you for my dress fittings - easily one of the most enjoyable aspects of all the preparation”

Freja Designer Dressmaking Wedding Dress

Meeting

Give us a call on 0131 556 5407 to arrange to come in and meet with us. We are a small dedicated team with a wide range of knowledge and experience specialising in weddings.

- 1 It's great to get the design of your dress organised early, leaving you free to get everything else ready. We can advise you about different styles, fabrics, colours and cuts for you. We will take the things you like and suit and make a few sketches to design the perfect dress for you. You'll get a sketch and samples. We will even give you a price and if you are happy to go with us by paying a 50% deposit we can start working on your pattern right away and arrange our first fitting.

First Fitting

- 2 We make a trial sample of your design to make sure the dress has a perfect fit and shape and that you are happy with the way it looks on you. We can talk about the details and accessories you would like now too. You leave with a good understanding of how your real outfit will look on you and we'll start cutting out our real outfit.

3 The Dressmaking Process

Once we've made your outfit in the real fabric we will invite you in for a fitting so you can see and feel how it will be to wear. We will make the adjustments needed.

4 Final Stage

Your wedding dress is now ready for payment and collection. When you come to pick it up we'd love to see you in it. We will then pack it in a special bridal cover for you and you can take it away to enjoy your special day.

“It was gorgeous and glamorous, flamboyant and extravagant, elegant and sophisticated and exquisitely made. It moved as I moved, held me and freed me and displayed me all at the same time. It was absolutely and utterly me.”
