# Services

You're engaged to the love of your life and now you have the small matter of organising the biggest event you'll probably ever host.

If you're feeling stressed out, overwhelmed and just don't know how you'll balance planning your wedding with your already busy life, then I can help.

I can take you from waking in the middle of the night with table plans on your mind, to a picture of calm and happiness, all the way through the planning process until the honeymoon.

I provide a supportive, adaptive wedding planning service, that typically features a tailored combination of: venue and supplier selection, styling and design, and administration and wedding day management.

## Venue Search & Selection

Finding the right location for your special day can be one of the most challenging aspects of the whole wedding planning process. Incredibly important, as it really sets the tone of the celebrations, and often will inform the overall design scheme too. Sara Jane will research and shortlist a selection of beautiful venues that fit your wedding vision - whether you're looking for a boutique hotel, rustic barn or the perfect spot for an elegant marquee wedding.

## Photography & Videography

Having everlasting memories recorded from your wedding day, to look back on for many years to come, should always be one of your wedding priorities. Whether your style preference is for soft and feminine, cinematic, fine art, clean and fresh or slightly more alternative, Sara Jane will hand pick the very best in the industry to capture your day on film.

## Colour, Theme & Design

Sara Jane takes a collaborative approach to creating a design plan which will help turn your vision into a reality - after spending time getting to know each other and chatting through likes and dislikes, Sara Jane will be able to advise on every aspect of the day. From the overall colour palette, floral design, lighting, linens and table styling, you'll have a clear idea of the visual experience your guests will be welcomed with from start to finish.

## Floral Design

Depending on your personal style preferences, Sara Jane will source the best floral designer to fulfil your requirements and work with them together to ensure the displays and arrangements work seamlessly with the overall design plan.

## Stationery

A co-ordinating set of printed materials is so important in pulling together a cohesive design plan, remember it's the little details that are often the most memorable! Sara Jane will consult with stationery suppliers to make sure you have the right format, colours and style. Your invitation is the very first encounter your guests will have of your wedding day, Sara Jane will make sure it sets the tone and follows through into the rest of the styling and design.

## Linen, Crockery & Furniture

From stand out furnishings to stunning tableware, Sara Jane will search and select the very best hire companies that will cater for your venue and design plan.

## Cake & Catering

Whether you prefer local and organic, formal dining or a more laid back and casual affair, Sara Jane will find you the best catering companies to make sure your guests have the very best experience. Sara Jane will co-ordinate and offer advice on menu selection, tastings, cake design and beverage requirements - right through to timelines and on the day co-ordination, making sure your chef and catering manager are kept in the loop on all key timings.

## Entertainment

From fantastic live bands to late night DJ's and entertainment ideas that are a little out of the box, Sara Jane will make sure your guests are kept happy and dancing the night away.

## Transportation & Accommodation

Whether for the bridal couple or the guests, Sara Jane will source and coordinate all your transport needs. For out of town guests, Sara Jane will coordinate suitable accommodation and if required extra little touches such as bespoke welcome gifts or additional activities.

## Finishing Touches

Making your wedding “you” is a key part of making a wedding feel personal and memorable - from welcome gifts to favours and guest books, Sara Jane will help you add those finishing touches that make a real difference.

## Beauty

If there is one day you really want to look your best, it's your wedding day. Sara Jane will find the best make up artist and hair stylist to pamper and make you feel totally fabulous, as well as Mum's and maids!

## Fashion & Personal Styling

Wedding design extends to what dresses your bridesmaids wear and what look the groomsmen decide on, as much as finding the perfect wedding dress. Sara Jane can book and join you at any appointments, offering her expert advice along the way.

## Ceremony & Rehearsal

Arguably the most important part of the wedding day itself, Sara Jane can guide you through the wedding ceremony rehearsal with friends and family, as well as being there on the day to oversee guests arrival and making sure the wedding party are kept happy and calm before the big “I do”! Additionally, she of course assists with the legal process itself and ensures all key tasks are completed on time.

## Wedding Day Co-ordination

For most couples their biggest concern is making sure their nearest and dearest enjoy the day as much as they will, and having a wedding planner on board for the day itself will make sure that is exactly what happens! With detailed itineraries, advance confirmation with suppliers, management of key timings and set up on the day, as well as having a calm and quick thinking professional on hand to deal with any last minute emergencies - Sara Jane will be there throughout, giving you peace of mind.

## Destination Wedding Extras

When you're planning a destination or resort wedding, you might like to look into putting together a full itinerary of events for your guests. From tours of the local area, to welcome drinks. You might also need some help with travel and accommodation for your guests, welcome gifts and childcare assistance. As an expert in creating bespoke destination weddings here in the UK, Sara's expert help and assistance can help you to not only create the perfect wedding, but the perfect trip for your friends and family.
