# How do you choose a suit?

*Do you go for tails or lounge suits? One button or two button suits? Shall I wear a black or grey suit? There are many old wives' tales, books and opinions about formal wear. In the end the answer is to wear what suits you best.*

*Whether you hire or buy your suit it is very important that you feel your very best. Do not be afraid to try a bolder option. For example the morning suit, traditionally worn to weddings and Royal Ascot, is not only for the taller man.*

*All our suits are created using luxury lightweight fabrics and tailored cuts. This helps to make the groom and his groomsmen feel stylish, on trend and comfortable.*

*Our award-winning wedding consultants will listen to you and help you make the correct choice for your special day. Whilst trying on suits our experienced staff will always make sure that the suit fits you correctly, enabling you to make an informed decision on style and colour.*

# Morning Suits

*Our Cavendish morning suit represents the traditional wedding look with a modern tailored cut and has proven to be popular, the perfect combination of classic style with a contemporary slimmer fit.*

Morning Suit

*Hugh Harris is eager to disprove the myth that morning suits or tails only suit the taller man. As the jacket closes high on the waist and cuts away to create the tails, the legs appear longer, thus creating the illusion of height.*

# Lounge Suits

*A sharp, classic, three-piece lounge suit is becoming the popular choice for the groom and his ushers; timeless in its inspiration yet contemporary in cut, fit and fabric.*

# Waistcoats

*A waistcoat is more than an accessory; it is an important garment in its own right and should enhance your chosen suit style and colour. Each of our suits is available with a matching waistcoat, made from the same luxury fabric, to create a classic 3 piece suit. We also offer a wide range of embroidered silk waistcoats to compliment most colour schemes.*

*All our waistcoats are made from luxurious, natural fabrics, from dupion silk to wool and mohair. Our collection of waistcoats has been created to work with almost any colour scheme. When coupled with our cravat and tie collection you can choose from a vast number of combinations to really make the outfit your own.*

# Neckwear

*Neckwear brings in colours from your wedding theme and finishes the suit in the right way. A tie is more modern, with sharp lines, whilst a cravat immediately creates a traditional look with a real sense of occasion. For a more quirky feel opt for a bow tie. Hugh Harris offers a wide selection of neckwear with matching pocket squares, all made from pure silk.*

# Why Choose Hugh Harris?

*If you think that all hire suits are ill fitting, heavy and uncomfortable, built to last rather than impress, let Hugh Harris convince you otherwise. On this special day you want to look and feel your very best. Our hire collection is crafted to the same high standards we demand in our Made to Measure suits.*

*We create all aspects of our collection with the utmost attention to detail; choosing luxury natural fabrics that are lightweight and comfortable; using slimmer cuts to get that perfect fit; and offering unique finishing touches, such as patterned linings and contrast edging. All these aspects create a suit that you won't want to give back.*

*Furthermore, we show the same passion for detail in our customer service. We understand that planning a wedding is an overwhelming experience. Our expertly trained wedding consultants will ensure that one aspect, looking your best on your wedding day, is easy and enjoyable. We'll help you choose your outfits, working together to create a look that is your own as well as reflecting and complementing your overall theme. Importantly, we continue that level of service whilst fitting each of your groomsmen, when you are collecting the suits, and accepting them back after your wedding.*

# Bespoke By Hugh Harris

*Hugh Harris have created an exclusive award-winning collection of stylish suits to hire. However you may wish to invest in something unique to yourself. It is rare to find the exact style, colour and fit when searching the High Street and so Hugh Harris are proud to offer a Bespoke service.*

*Upon your first visit to our showroom our experienced staff will listen to your requirements and ideas, helping you to create your ideal suit. First, we will guide you through our range of luxury fabrics sourced from the finest mills in the UK and Europe. We will then discuss the styling of your bespoke suit. Every aspect can be customised to suit you and your personality, whether you want a one, two or three button jacket or to have the colour of the buttonholes on your sleeve cuffs hand stitched in your favourite colour. Once you are happy with the look of your suit our fully trained staff will take precise measurements to ensure a precise fit.*

*All these details are then passed on to our expert tailors who combine traditional techniques with the latest innovations in technology to create a masterpiece of craftsmanship. Approximately 6 weeks later you will be invited back to try your finished suit on and if necessary, final alterations and tweaks can be made.*
