It was brilliant to have the entire place to ourselves for the whole weekend...we had a wedding weekend, not just a day! Amazing value for money and we felt special all weekend.

Set against a backdrop of rolling South Northamptonshire countryside, undiscovered lanes and sleepy stone built villages, lies Crockwell. Let your perfect day begin....

Crockwell is exclusively yours for two days and nights

WEDDINGS

At Crockwell we pride ourselves on our meticulous attention to detail, leaving you and your guests to enjoy the great day ahead.

Your wedding plans begin months before the actual event. You want it to be perfect; and so do we. We have over ten years' experience and our family-run team are

on hand to ensure the day runs without a hitch.

Our caterers, the Chopping Block, provide delicious menus with endless choice and flexibility.

We can recommend other suppliers; florists, photographers, bands etc, but if you have a particular contact that is no problem; it's your wedding.

The time, care, attention to detail and hospitality provided by the team at Crockwell, coupled with the astounding natural charm of this venue cannot be overstated – it really is one in a million.

It is hard to believe that Crockwell, a working family farm, is situated within easy access of both the M40 and the M1 motorways; with such idyllic surroundings you could be a million miles away.

The pretty stone vaulted hall is licensed for civil ceremonies for up to 86 guests, with further viewing capacity available via video link.

Our permanent marquees can seat up to 180 and are housed inside insulated and heated buildings which are

both cosy in winter and cool in summer, with wonderful views through panoramic windows. Crockwell's extensive gardens provide the most idyllic backdrop for reception drinks and photographs while the outside veranda is the perfect spot for balmy summer evenings.

The separate dance floor is a magical setting for your first dance and evening party. It ensures that we do not have to juggle tables, or more importantly, guests. A Crockwell wedding runs seamlessly from start to finish.

From the beautiful location and grounds, to the spacious venue brimming with character and WOW factor... to the fantastic staff, it is a very special place.

Overall, the best feature of this venue was the relaxed, warm atmosphere. It is clearly run with a lot of love.

As it is a family run business they really do care about your day and no effort is spared to make it perfect. The experience was rounded off perfectly with an amazing breakfast the morning after the night before.

Our caterers, The Chopping Block are small enough to care, but have a professional team and a wealth of experience. They offer everything from rustic and simple through to extravagant fine dining.

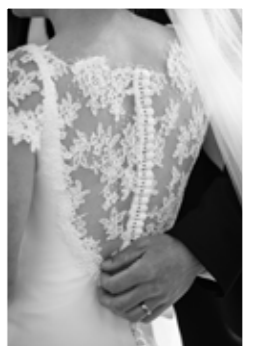

Drinks packages can be tailored to your requirements. We have a range of highly recommended wines, or you can bring your own for a corkage charge.

The licensed bar is fully stocked and reasonably priced.

Our taster evenings for Crockwell couples are a useful and fun step in the planning process and a chance to experience the venue as our guest, trying wines and canapés and chatting to suppliers while your wedding ideas start to take shape.

I loved the fact that friends could camp over and there was plenty of accommodation on site. It meant that the celebrations continued into the next day over a delicious home-cooked breakfast with friends and family. The honeymoon cottage and all the on-site rooms were extremely comfortable and beautifully done.

Two day exclusive use means that you are able to stay the night before and the night of your wedding with your family and friends. We have nine spacious en-suite bedrooms.

A leisurely full english breakfast is served, allowing you

and your loved ones a relaxing morning before you set off on your new lives together..

You will find further accommodation nearby with over 50 rooms in local b&bs, pubs and hotels within a six mile radius of Crockwell.
