

the little top

bespoke event childcare in beautiful tents and dens

why do we need entertainment for children?

for the bride and groom

- if the little guests are happy and occupied, your bigger guests can focus on all of the details and excitement of the wedding
- parents can stay late and party with you without guilt, and will be so appreciative of being able to properly enjoy the day!

for your guests

- parents can properly relax, knowing their children are in safe hands
- no worries about distraction or having to miss parts of the day
- the older guests will enjoy the fancy dress and hoola hoops too!

for the children

- sitting still for 3 hours is not an easy or fun day for children.

 A tent full of games, art and toys will make them VERY happy!
- Your wedding becomes a huge party for the children too, meaning everyone at the wedding goes home with happy memories

how much will all this fun cost?

we have developed 3 packages based on our most requested event plans, but are also very happy to amend and work on a bespoke package for you.

- bespoke consultation, personalised colours/ styling

£ 895

- set up and hire of little top tent or den
- handmade tables, rugs, cushions and decorations
