Wedding Photography & Photo Booth

"Cannot thank One Vision Photography enough for the beautiful way in which they captured our special day. They captured every natural fun-filled moment exactly the way we wanted it. They were more like guests than photographers and everyone at our wedding kept praising them for how friendly and laid back they were, putting everyone at ease and making the day even more fun. They had such amazing patience with all the kiddies bombarding the photo booth! Lastly, we have had so many surprises from them along the way, from the pre-shoot pics, information cards, photo booth guest book and thank you cards - all unexpected treats that made their whole service the best there is. They really should be charging twice the price.

Thank you guys :)"
