

SOUTH FARM
DISTINCTLY DIFFERENT

Nestled in a stunning secluded spot in the Cambridgeshire countryside, South Farm is the perfect venue for weddings, parties and corporate functions.

You and your guests will enjoy the exclusive use of our home, allowing you to celebrate in relaxed informality while experiencing the very best in five-star dining. Our distinctive settings range from the grandeur of a 16th century Barn to the simplicity of the Summerhouse.

South Farm's stunning gardens provide colour and interest whatever the season. Highlights include a shimmering winter garden, woodland bulbs in spring, brim-full beds of ever-changing summer blooms, and the autumnal gold and crimson leaves of our heritage arboretum.

As with everything at South Farm, our accommodation is 'distinctly different'. Guests may stay in our comfortable bedrooms, our unique collection of Romany Caravans and Showman's Wagons, or even bring a tent and camp!

The rustic Barnyard lies at the heart of South Farm and is home to our collection of rare breed animals. The piglets will melt your guests' hearts and, along with chickens, ducks, turkeys and peacocks, keep children entertained. There is always something to see and enjoy.

“We had an amazing wedding and all of our guests have praised the beauty of the venue, the staff and the outstanding food. South Farm is truly unique and we would highly recommend this venue.”

Our elegant buildings and enchanting grounds provide the perfect setting for your unique day.

Rain or shine, there is a perfect array of lovely spaces to enjoy at South Farm. Weddings may take place outdoors in the Summerhouse, or indoors, in the Drawing Room within the Farmhouse, the Old Dairy or the splendid Tudor Barn.

The Summerhouse is an exquisite seven-sided oak-framed structure that appears to hover over the lily pond framed by the garden behind. Skilful lighting and state-of-the-art acoustics complete an idyllic open air scene and provide the Bride & Groom with the most romantic of settings, whilst guests look on from across the pond.

The Farmhouse is beautifully furnished in classic country house style with fine old paintings. The Drawing Room is licensed for smaller ceremonies for up to 35 guests. It may also be used for a formal presentation line on arrival, or for drinks for up to 55 guests in conjunction with the Hall.

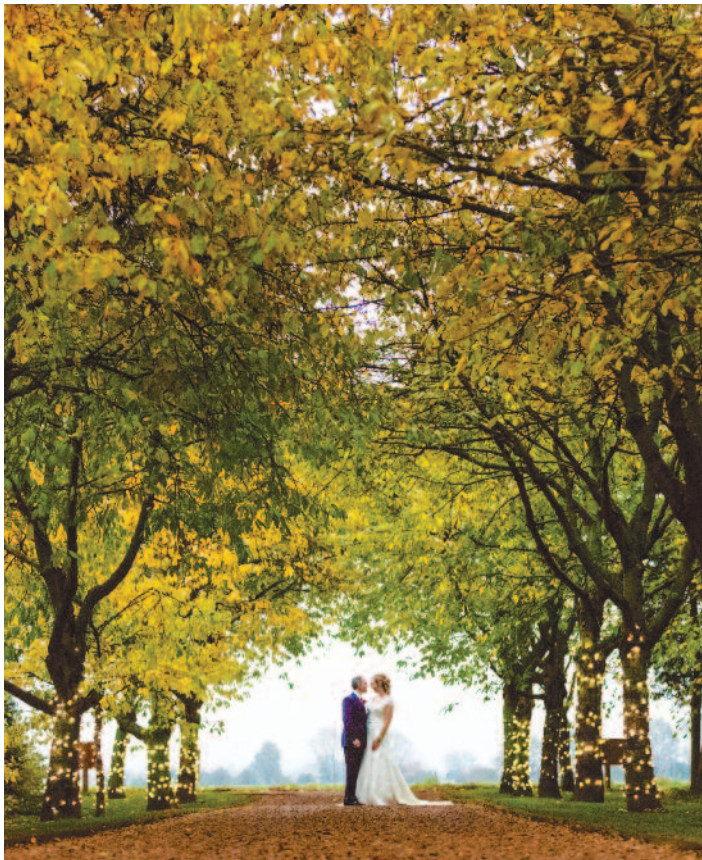

The Old Dairy seats 100 guests for Wedding Ceremonies and is licensed for 150 party-style. This charming building is ideal as a wet weather alternative to a garden wedding, and for coffee after the Wedding Breakfast.

The Tudor Barn forms the core of South Farm's many and varied entertaining spaces and makes a grand and impressive setting for the Wedding Ceremony. It provides formal seating for 146 for a Wedding Breakfast, and accommodates up to 200 for a party.

The Horse Barn is our lovingly converted high-specification flexible venue space. Originally the home of eight working shire horses, the barn now offers the facility to have a designated dancing space in the evening. With a part-glazed suspended dance floor and dramatic designer lighting, the Horse Barn offers a stunning addition to our choice of spaces.

We believe passionately in the importance of serving delicious food that's seasonal, organic and home-grown.

Our menus are based around our own fruit and vegetables, eggs from our free-range poultry, pork from our rare breed pigs, and fish and game from the surrounding estate.

Our organic smallholding, spread over ten acres, is quite exceptional in the range and excellence of its year-long seasonal supplies. When you first visit, we will show you every part of South Farm, including the kitchen and smallholding – if you have time!

We seasonally tailor our menus to what is growing in the gardens, and if there is anything you had been imagining for your Wedding Breakfast we will try our hardest to make it happen.

Over the 40 years that the Paxmans have lived at South Farm, we have turned it into a flourishing eco-friendly family enterprise. It combines imaginative spaces with outstanding cuisine, year-round home-grown produce, flexible service and complete privacy.

We hope you will agree that South Farm is the perfect setting for your event.

Please do not hesitate to get in touch and arrange to visit – we will be delighted to show you just how 'distinctly different' we are.

“The food... oh, the food! I think I would be happy to eat your fish pie every day for the rest of my life. Many of my guests have spoken to me since, praising the venue, staff, the food and the relaxed feel of the day.”
