ProCocktails specialises in offering complete cocktail bar services to private & corporate occasions, from the smallest party to large scale events.

We are passionate and daring over the way well-made cocktails should be created and presented. To maintain ProCocktails edge, we invest heavily in the latest cocktail technology, high-end equipment, products and ingredients. We regularly stage brainstorming sessions where members of the ProCocktails team meet to develop new ways to design, improve and create innovative new cocktails.
