WHO WE ARE...

Our passion for the noble art of mixology lead us to create The 43 Club, a specialist drinks company that aims to serve an exceptional and unforgettable experience at your event.

The 43 Club owes its style and grace from an age of grand opulence, fun and decadence. A time when the rich and famous would congregate at one of London's most notorious nightspots, 43 Gerrard Street, London, affectionately called "The 43". Fast-forward almost a century and "The 43" returns with a contemporary re-imagining of a classic time of indulgence and happy times courtesy of our dedicated, talented and highly flexible team.

WHAT WE DO...

We make every event, every client, every guest feel like a million dollars. We're not here to do the norm, we strive to deliver flawless and unforgettable events time and time again and it all starts with a drink.

Not one event delivered by The 43 Club, and that's a lot of events, have we had the same menu. We like to find out about our clients and deliver a service unique to them.

HOW WE DO IT...

We have an award winning handpicked team of staff who have experience in large scale corporate events for up to 5,000 people, small private parties for 15 guests and everything in between. Nothing is ever too much trouble for any one of our beautiful staff
