STEP 2: Taste the Sparkle

Choose your food package...

One of the most important questions when planning a wedding - 'What am I going to feed my guests?'

Well, rest assured that our offerings for wedding food is something we are very proud of - we buy the best quality ingredients (local wherever possible), cook it simply and serve it generously 'feast style' for both you and your guests to share and enjoy!

We are lucky enough to have our very own butchers' shop, which has been in the family for over 100 years and will supply all of our local meat for your wedding breakfast. We even grow our own edible flowers and herbs to add a touch of beauty and theatre to your feast!

Our Canapé selection

An ideal accompaniment to your drinks reception to keep your guests happy whilst mingling with our Llamas!

Choose a selection of 3 or 5 canapés from our specially designed and mouth-watering menu.

And for the little people...

For all three wedding feast packages, children can choose to have half of the adult portions OR we provide one option from our specially designed little people's menu.

Select Your Main Event... Our Food Packages

Our preference is to offer an informal, social, and relaxed service with the focus being on the food. Guests help themselves from the platters which are placed in the centre of each table and the constant passing of dishes acts as an icebreaker and provides a constant talking point! Our service and relaxed approach makes for a more sociable atmosphere and provides an experience your guests will be talking about for years to come.

Please refer to our separate food brochure for full details on menus and other dining options. We can cater for all dietary requirements and tastes.

All packages include complimentary tea and coffee (via our Lancashire Brew Station).

Can we try the food? Yes, you can!

The Wedding Feast Experience is where you can come and taste our food and review your food options. We invite our wedding couples to attend our feasts free of charge and additional guests can attend at an extra cost. We would recommend you attending around 9 months prior to your wedding.

Our most popular package... Wow Factor

Our WOW Factor package really does make your day one to remember...

One which your guests will rave about for years to come.

With three courses to relish, our huge platters of food with three different types of meat are served to the centre of the table for all to share and enjoy. This popular option is about sharing, celebrating and having fun.

A choice of starters served on shared platters.

A huge platter with three types of meat and bowls of salads / vegetables / potatoes served in feast style to your table.

Two puddings (as one is never enough!)

Host the Roast

A traditional three-course, roast dinner with a difference...

If you want your wedding breakfast to have a theatrical element, create great photo opportunities and provide interaction and conversation amongst your guests, then this option would be a perfect choice.

Served to your guests at their table, choose your starter, your choice of main (one meat option) with accompaniments and one fabulous pudding.

And don't forget to nominate a guest who will be provided with a Chef's hat, apron and serving equipment; so they can serve the rest of their table in style!

Festival Fodder

A three-course gourmet BBQ delight...

A bruschetta selection to start, served on shared platters to your guests while seated at their table.

The mains are served buffet style, guests go to the buffet table and select from meat, fish and vegetarian BBQ options; with an array of colourful salads.

Do you help us to plan our Wedding?

Yes, we do!

Our award-winning wedding team is here to look after you throughout your wedding journey. Let us take the stress out of the planning, whilst you enjoy the build up to your big day.

At 6 months prior, you will meet with one of the team to begin to plan the specifics of your big day – choosing your menus, drinks, table layouts, music, timings and more.

At 3 months prior, you will be invited to come and browse our Prop Store to let us know if you wish to take advantage of our free decorations and accessories.

At 1 month prior, you will meet with one of the team again to finalise your wedding schedule and to check for any final changes. The outcome of this meeting will be a detailed schedule of your wedding with final numbers agreed.

*Let us **S.H.A.P.E** your Wedding dreams*

The complete wedding planning system to help you avoid stress and overwhelm.

Weddings can be a tonne of work, and you can soon become overwhelmed and easily stressed. Some couples have even compared wedding planning to having a second full time job! So, we have developed a system which comes to your rescue ... The SHAPE Wedding Planning System.

***S** is for Support*

Our Wedding Coordinators go out of their way to help - supporting you over two planning meetings, helping with your floor plans, and making suggestions on getting the most out of your day. They are an invaluable source of support for you. They go above and beyond the role of a traditional Wedding Coordinator and are available to help answer your questions by phone or email. Another fantastic source of support is our Secret Facebook Group, full of couples who have booked their wedding at The Wellbeing Farm, so you can compare notes. In this group, we provide venue decor ideas, supplier information and much more.

***H** is for Help*

Monthly Wedding Open Days, Wedding Feast Experiences - you wait literally less than a week to get face to face support from our Coordinators. On the day, our Function team helps you with your room set up, coordinates your suppliers, liaises with your photographer to get that perfect sunset shot, and provides a whole heap of coordination - so you can just relax and enjoy your special day.

***A** is for Advice*

From a Secret Planning website, and a very informative Wedding WOW Pack, the written information we give you provides you with 24/7 help and advice. Contents include wedding timings, room layouts, table layouts, menus, decor ideas, accommodation information, comprehensive supplier lists and much more.

***P** is, of course, for Props and Personalise*

Just like Aladdin's cave; our Prop Store is packed full of items to personalise your wedding. Contrary to popular belief, DIY weddings are not low cost, and if you added up the individual hire prices of sweet carts, signs, cake carts, table settings, toilets, gin bars, log slices, lights, games and everything else, it's not only a tonne of work, but a huge additional cost. A cost in your health (through overwhelm and stress) and a cost in your bank account.

***E** is for Experience*

From bow-tie-wearing Llamas and Alpacas, to flat-cap-wearing Donkeys - our expertise ensures you and your guests can enjoy an unforgettable, quirky, magical wedding experience.
