Torquay's unexpected delight

The Richardson Grosvenor is perfectly situated to enjoy Devon's beautiful coastline, stunning beaches and local attractions. With an indoor and outdoor pool, leisure facilities, dining in the contemporary Lawns Brasserie or stateside in Keith's retro diner, the hotel offers diversity and quality in one neat package.

Newly refurbished it is a truly unique venue, with staff whom pride themselves in offering the warmest welcome and exceptional service. The hotel offers 47 individually styled bedrooms with stunning period architecture and high ceilings showcased throughout the building.

The Richardson Grosvenor offers an exceptionally beautiful setting for the most magical day of your life.

A wedding as unique as you are

We know how important your wedding day is to the start of your married lives together, so we have a specialist wedding team who will tailor make the day to suit your requirements.

If you want a small intimate gathering, or a large sparkling event we will do everything we can to ensure you have the day you have always dreamt off.

We can offer you the best wedding suppliers in the county and can make arrangements to ensure that your special day goes exactly to plan, from flowers to photography; our approved partners know how to fulfil every expectation.

A dedicated wedding planner will work with you to ensure that you have the best day of your life, and our wedding team will work tirelessly to make the event seamless from start to finish.

Grand & majestic or a simple affair

The Secret Garden is beautiful for outdoor weddings able to seat up to 100 guests on the luscious green lawns of the hotel. Follow the red carpet down the aisle to the gazebo draped in flowers and hear the birds sing as you say your vows.

The Ballroom overlooks the Secret Garden, so the two locations go hand in hand. The room can seat up to 70 for a wedding breakfast and up to 120 for an evening reception. It can also be opened up into our Garden Restaurant, for even larger receptions of up to 180 guests.

The Roslyn Bar is a cosy room, ideal for evening receptions for up to 80 guests. The room offers its own bar and dance floor for a truly private experience.

If music be the food of love, play on...

Our Head Chef will work his magic to create a spectacular wedding breakfast using the best locally sourced ingredients and presenting all plates in a modern, classic British style.

You can relax knowing that on the day your wedding breakfast will be of the highest quality, executed with precision and flare. You and your guests will sit down for a feast you will never forget.

At the back of the wedding brochure you will find details of our very special package. If you would rather tailor make your day then we will be more than happy to discuss your ideas and provide a bespoke quotation.

A day followed by a night to remember

Your wedding day will overflow with magical memories that will stay with you forever, and as the night draws to a close, it's time to start the next part of your journey - your first night together as a married couple.

We will give all couples a complimentary night's stay on their wedding night in an Executive room, which includes a full English breakfast. We do have Superior rooms and Suites available if you would like to upgrade.

We understand that your guests may be travelling from far and wide to take part in your celebration, so we offer preferential rates to all wedding parties. We want you and your guests to make yourselves at home and look forward to welcoming you at the Richardson Grosvenor Hotel.
