# WELCOME

Formerly a Cornish flower farm, Polgoon has been transformed by John & Kim Coulson into a thriving vineyard & orchard with a range of award winning Cornish wines, ciders and soft drinks.

The very first vintage scooped "Best Still Rosé in the UK" in 2006 and a series of award winning wines and cider vintages have followed. Named Cornwall's "Best Drink Producer" now for the fourth time, Polgoon proudly maintains an artisan approach to its production and is committed to traditional techniques.

## MADE IN CORNWALL

Located just off the A30 outside Penzance, Polgoon's south facing vineyards take full advantage of their unique macro climate. This sheltered side of the West Penwith peninsula is situated just under 10 miles from Lands End.
