Here's what some of our amazing guests had to say

"We got married last October in Croatia and wanted to find the perfect hotel back in the UK to celebrate with our friends and family - St Giles was the perfect venue. The stress free and amazing service we received from all the staff allowed us to just enjoy the day and feel confident that everything was taken care of. This is a special venue in Norwich and 5 star on all accounts - we had the best time!!"

- Nadia and Matt

"We were eager to book St Giles from the moment we looked round when we felt very relaxed and welcome. The service we received from start to finish was impeccable and we would highly recommend this venue for a special occasion. The food was delicious, the surroundings divine and the staff were without a doubt the most attentive yet discreet professionals we have both encountered, thank-you St Giles house we have the happiest memories of our special day and will be back for future celebrations."

- Paula and Darren

This is a special venue in Norwich and 5 star on all accounts - we had the best time!!"

"St Giles was the perfect venue to play host to our wedding reception. Having the whole hotel to ourselves was incredible, and the staff were so accommodating with all our requests. The team listened to our ideas, and developed them to work for the space that they know so well, turning our dream wedding into a reality. Having the whole hotel meant we could really utilise all the different rooms the hotel has to offer, it's really like having 3 different venues in one. It was also great having the bridal suite just upstairs so we could pop up though-out the day for a moment of calm or to change into some comfier shoes! The hotel is amazingly located in central Norwich, which was of huge importance for us. We had a lot of guests travelling in from around the country, so the ease of the location was fantastic. For us, the best part of St Giles House Hotel is how wonderful the staff are. They made us feel like ours was the only event they had to work on, and really looked after us. Nothing was too much trouble for them, and they shared our enthusiasm throughout".
